

Municipal Council Provides \$10,000 for Commissioner Murphy to Resume Sewer Work

HOUSING CORP. TO SEND \$6000

Council Notified Government
Ready to Settle—Money
Comes at Good Time

\$5000 of it and Like Sum to
be Borrowed Will go to
Sewer Dept.

Men Who Were Laid off Will
Return to Work—School
Board Needs More Money

As the result of the vote of the municipal council at its special meeting this morning to borrow \$5000 for sewer construction and the receipt of a communication from President L. K. Sherman, of the United States Housing corporation that that corporation was about to forward a check for some \$5000 to the city of Lowell for work done last fall, \$3000 of which will go to the sewer department, Commissioner Dennis A. Murphy, of the streets and highways department will be able to put back to work a majority of the sewer employees who were laid off a week ago owing to lack of funds.

The housing corporation will send the city a check for \$12,758 as soon as it receives a signed agreement and release from the local authorities. The release was enclosed with the communication and Mayor Perry D. Thompson was authorized at today's meeting to sign on behalf of the city in having it signed. When the money is received the sewer department will get \$5053.55 and the water department \$1014.35.

Chairman Richard Brabrook Walsh of the school committee appeared before the council and requested that definite action be taken on the request of the committee for an additional appropriation of \$25,000. He said that if the money were not forthcoming the department would either have to defer the payment of any bills contracted after next month until 1920, or else defer payment of December salaries until next year. Mayor Thompson said that the former would be the better proposition if necessary and asked that the matter go over until the council meeting a week from today.

Contracts for the construction of the sewer department, involving a total of \$152,504, were formally approved by the council.

Meeting in Detail
The meeting was called at 10:10 Commissioner Marchand was absent but came in later.

An invitation was received from the committee in charge of the celebration to French-speaking soldiers and sailors on Labor day, through Arthur H. Giroux, its secretary, asking the members of the council to review the parade from the steps of city hall and to attend a banquet to be held immediately after the parade. The invitation was accepted and the clerk instructed to extend the thanks of the council to the committee.

The report of the license commission for the period ending May 31, 1919, including the number of licenses granted and the amount of fees, was ordered placed on file.

William D. Hart was appointed a weigher of hay and other articles for the Walter Courn Co.

The petitions of Larkin T. Trull for garage and gasoline in Fairmount street and Ervin E. Smith Co. for garage and gasoline in Market street were held for hearings Sept. 16.

The petition of Charles T. Witham that Fairgrove street be accepted and sidewalks laid, was referred to Commissioner Murphy.

The petition of the Lowell Electric Light corporation for pole locations in a street was held for a hearing Sept. 9. Commissioner Murphy reported favorably on the petition of William Hodgson that a sidewalk be laid at

COLD STORAGE TURKEY KILLS WAR HERO

ALLIANCE, O., Aug. 26.—Col. Charles C. Weybrecht, who returned only three weeks ago from France where he commanded the 146th Infantry, died here this morning as a result, physicians believe, of eating cold storage turkey at a dinner last Saturday night at the Lakeside Country club, Canton.

Mrs. Helen Sebring Gahr, aged 33, of Sebring, also is dead, and Mr. and Mrs. John C. Sharer are paralyzed and their recovery is said to be extremely doubtful. Specialists from Cleveland and Alliance were summoned yesterday to attend the stricken persons.

Col. Weybrecht served two terms as adjutant general of Ohio. He was 50 years old.

9-11 Morton street and the accompanying order was adopted.

An order proposed by Commissioner Donnelly, designating the polling places for primaries and elections in 1919 was adopted.

A communication from the Friends of Irish Freedom, signed by John Barrett, secretary, was read in which appreciation was extended to the council for the passage of resolutions favoring Irish independence and inviting Eamonn de Valera, provisional president of the Irish republic, to Lowell.

Mayor Thompson reported on the petition of the Crescent Hill association for incorporation and read a favorable report from the superintendent of police. It was voted to send the petition back to the secretary of the commonwealth with the reports as read.

More School Contracts
A communication from Hugh J. Molloy, secretary of the school committee, said that the committee at a meeting held August 19, had voted to approve plans for the Morey school addition.

It was then voted to approve contracts executed by the parties mentioned and the commissioner of public property for the purposes and sums specified: Daniel H. Walker, metal furring, lathing and plastering, \$3541; William C. Hinckley, electric wiring, \$6240; John J. O'Connor, carpenter work, \$27,450; Finley Chisholm, heating and ventilating, \$24,307; E. C. Pearson Co., painting, \$2319; Thomas P. Costello, plumbing and gas piping, \$5835; W. A. Mack Co., galvanized iron work for heating and ventilating, \$7072; Frederick F. Meloy, general construction work, \$37,000. The total amounted to \$152,504. Commissioner Marchand explained that the contracts had been awarded to the lowest bidders in each instance.

Pump Contracts Approved
The council then voted unanimously to approve the contract executed by the Worthington Pump & Machinery corporation of New York and Commissioner Morse for the construction, delivery and installation of a Snow horizontal cross-compound pumping engine, the cost to be \$49,600.

Commissioner Murphy's reports on the following petitions were ordered to remain on file in the city clerk's office: Mrs. Thomas Dulligan, sidewalk, 40 Saratoga street; Edward B. Carney et al, sidewalk, Plymouth st.; Nels A. Palm, sidewalk, 515 Stevens st.

\$10,000 For Sewers
An order to borrow \$10,000 for the construction of sewers was introduced by Commissioner Murphy. Mayor Thompson said that he wished to say in connection with the order that the state highway commission was to open bids today for the construction of the First street highway and that this will probably mean that the city will soon be called upon to appropriate \$12,000 additional in its share of expense of the work. This will reduce the city's borrowing capacity and at present it is less than \$50,000.

The mayor then explained that the morning mail had brought a communication from L. K. Sherman, president of the United States Housing corporation, in which was enclosed an agreement and release which President Sherman requested the city to sign. Upon this being done, the latter stated that the corporation would forward a check for \$6127.58. He expressed the appreciation of the corporation authorities for the co-operation given by the city last fall.

Mayor Thompson then read the agreement in which it was stipulated that should all the lots of land on which the housing corporation intended to build last fall be tenanted within seven years from the execution of the release, the city would have to refund the corporation \$2500, and if only part of the land were built upon, a proportionate share of this sum is to be refunded.

WILSON HALTS WAGE INCREASE

All Classes of Railroaders Invited to Stop Demands as
Their Share in H. C. L. War

Brotherhoods' Answer to
President's Plea May be
Day's Biggest News

WASHINGTON, Aug. 26.—With the nation this morning understanding that President Wilson had notified the shopmen in particular and railroaders of all classes in general, that they were invited to take part in a lull as regards the continual clamor for higher wages, the masses were of course interested to know what the response of the brotherhoods would be.

Inasmuch as brotherhood delegates are in conference here with Acting President Jewel of the railway employees department of the A. F. of L., it was expected some reply to Mr. Wilson would be forthcoming today.

The president in his firm but tactful answer pointed out that for the government to grant the 17 cents per hour raise the shopmen had demanded, would necessitate raising freight rates—no other way was open—and this would increase the cost of living and defeat the government's earnest efforts to solve what the administration regards as the most important question in this country today: the return of normal price levels.

This policy announced by Mr. Wilson deferring proposals of pay, affects not only the shopmen, but also hundreds of thousands of other railroaders who at present also have wage demands pending before Director General Hines. That is, this same appeal to defer the granting of increases will be made to such workers also.

Possibly one thing influencing Mr. Wilson to take the decisive stand he has taken is the information received from Mr. Hines and accompanying the president's decision, to the effect that thousands of shopmen have already received pay increases between July 1, 1915 and August 1, 1919 which are in excess of the increased cost of living, those increases having been obtained by higher classification under standardization of employment.

NAVAL AIRPLANES HERE

Two Machines of Bombing
Type Circle Over City and
Land Above Falls

Two naval airplanes of bombing type circled over Lowell shortly after 2 o'clock this afternoon and after completing three trips above the business section headed for the Pawtucket bridge. When at a point approximately over Pawtucket street they nosed down and spiralled to a pretty landing on the calm bosom of the river just above the falls.

The north wall of the bridge was black with spectators and both river banks were well lined with people to watch the landing. It was the first opportunity afforded many Lowell folks to get a close-up view of a 'plane in flight and a subsequent landing.

The planes flew here from Lawrence and will remain over tomorrow in the interests of recruiting for the naval air service. Pamphlets, depicting the advantages and possibilities of this branch of service were dropped over the city and more will flutter down tomorrow. Their home base is at Chatham, on the south shore and they have been working up the Merrimack river for the past two weeks, giving demonstrations at Newburyport, Haverhill and Lawrence.

WOMAN FINED \$12

Hit Boy on Head With Piece
of Coal

It cost Anna Wazick \$12 in police court today because she heaved a piece of coal out of her window yesterday afternoon, said piece landing squarely on the head of little Lionel Corniller, who with several of his companions was playing outside the Wazick home. Anna's only defense was that the boys were "bothering" her.

Henry A. Moody, found guilty of neglect, was given a five months' sentence to the house of correction, which was afterwards removed when Moody agreed to contribute \$25 weekly to the support of his family. Henry averred that his weekly income was \$45 per.

DEATH FOLLOWS GAB ABOUT PROHIBITION

CHICAGO, Aug. 26.—A policeman was killed, one man fatally wounded and two seriously injured in a revolver fight in a saloon late last night. An argument over activity of government officials against alleged violators of the war time prohibition law is said to have precipitated the fight.

It was stated that more than 31 warrants were ready to be served on saloonkeepers accused of violation of the liquor law in addition to the 26 downtown bars raided yesterday by federal officers.

"SILK EXPRESS" IS ON ITS WAY TO EAST

VICTORIA, B. C., Aug. 26.—Ten thousand bales of raw silk, valued at \$3,500,000 brought from the Orient by the Canadian Pacific liner, Empress of Asia, were started east today by special train. In addition the Asia carried 2000 cases of silk goods, bringing the total value of the silk consignment to about \$10,000,000.

North Dakota Senator Charges His Party, by Shantung Plan, Plots to Kill League

WASHINGTON, Aug. 26.—Declaring the republican majority of the foreign relations committee was attempting by the Shantung amendment to the peace treaty to drive a "poisonous dagger" into the peace treaty and to place the United States in the position of a "big

bully" Senator McCumber of North Dakota, the only republican member of the committee who voted against the amendment, asked the senate today to overrule the committee's action.

The speaker said "no greater blow could ever be struck against the real

interests of China," than by the committee amendment, the actual purpose of which, he asserted, was to kill the treaty and the league. The amendment provides that the old German rights in Shantung province shall go to China in place of Japan.

CARMEN OBEY MAHON'S ORDER

Local Men Reject Award But
Say Strike Question Rests
With International Head

Vote Overwhelmingly in
Favor of Submitting Ques-
tion to Arbitration

That the threatened strike of the employees of the Eastern Massachusetts Railway Co., which was unofficially set for tomorrow in the event of the employees voting down the recent award of the war board on increase of pay, will not take place, was the opinion expressed today in local street railway circles, despite the fact that it is believed that the results of the vote taken by the employees on the Bay State system yesterday was overwhelmingly favorable for a walk-out immediately and the rejection of the award of the board. The local ballot showed the men against accepting the award by a large majority.

This opinion is based on the message received yesterday from William D. Mahon, president of the International Carmen's union, notifying the Massachusetts carmen that any strike declaration by them would not be sanctioned by the head organization of

INJUNCTION PETITION

Hearing on Case of Spaulding
Co. vs. Shoe Workers'
Union

Justice Lawton presided over the hearing held this morning at the equity session of the superior court in Boston in the case of the L. H. Spaulding Shoe Co. of this city vs. the members of the Allied Shoe Workers' union, injunction proceedings brought by the company to have its members of the union, who are out on strike, restrained from interfering with the business and help of the company. After both sides had been heard counsel for both parties signed an agreement by which the shoe workers agreed to stop committing acts complained of under the bill until further orders from the court.

The agreement was signed by E. J. Tierney, counsel for the company, and Joseph P. Donahue, who represented the shoe workers. The court ratified it and announced that G. A. A. Fevey, a Cambridge lawyer, would act as master in the case to hear the pleadings. An effort will be made to have the cases of the Federal Shoe Co. and the L. H. Spaulding Shoe Co. heard together.

CLEANLINESS

In our new prescription room it has been our first consideration. Finished entirely in white enamel, plenty of light and air, practically apart from everything else, it is an ideal workroom. We invite your inspection.

Reject Wilson's 4 Cent Award Shopmen Take Strike Vote Soon

WASHINGTON, Aug. 26.—The committee of 100 representing the railroad shopmen informed Director General Hines today that they could not accept as a basis of settlement of their demands, the rates submitted to them yesterday by President Wilson. Results of the negotiations here were communicated to the union locals throughout the country with instructions that a strike vote should be taken immediately to determine whether the president's proposals should be accepted. Pending the issuance of an official strike vote, the international officers urgently requested that all men should remain on the job.

UNCLE SAM IN HIS OWN SHOPS

Federal Government Starts
Retail-Food Store Chain in
Big Cities Sept. 25

Eatables Sold Over Counter
and by Mail Intended to Aid
Oppression of H. C. L.

WASHINGTON, Aug. 26.—Retail stores for the sale of household commodities included in the surplus stocks of the war department will be established Sept. 25, it was announced today. The stores will be located in depot centers and other large cities and they will accept and fill mail orders.

Prices on all commodities offered for sale will be so fixed as to prevent discrimination between the purchasers who buy over the counter and those who purchase through the mail. All mail orders will be forwarded by parcel post, but the policy of making these sales through the post office department is to be discontinued.

All such orders will go directly to the stores. To expedite the mail order sales, the postoffice department has been asked to establish sub-stations in each store. Catalogues quoting prices and giving the location of all stores, are being prepared and will be available at every postoffice in the United States.

The present plan is to open stores in the 14 zone supply cities: Boston, New York, Philadelphia, Baltimore, Atlanta, Jeffersonville, Chicago, St. Louis, New Orleans, San Antonio, Omaha, El Paso, San Francisco and Washington. The chain will be extended to additional cities as rapidly as possible.

Continued purchase by the department of certain necessities so that these stores may be continued indefinitely as a part of the government campaign against the high cost of living is understood to be under consideration.

As Plain as the Nose on One's Face

The Dollar saved 10 years ago will not purchase today what it would at that time. You who have saved know that. Just as certain is it that the Dollar saved today will buy more 10 years hence. Here is argument for Saving and Incentive to Save today and the man or woman is Blind who will not see it.

SISTERS OF PALS

MARRY THE PALS

BROCKTON, Aug. 26.—The announcement of the coming marriage of Miss Nettie S. Abercrombie Saturday to Howard J. Pelky of Pittsburg, Vt., is the conclusion of a pretty story which begins with the friendship of two soldier boys in the trenches.

Miss Abercrombie's brother, Chester Abercrombie, of C company, 101st Ammunition train of the famous 26th division, and Howard Pelky of the same company, struck up a warm friendship in their career as fighters abroad and on their return to this country in April they resolved to continue their acquaintance.

The first result of their friendship was the marriage of Mr. Abercrombie to Mr. Pelky's sister, Miss Margaret Pelky, on the eve of July 4. The announcement of the marriage of Miss Abercrombie to Mr. Pelky now completes the cycle.

THINK LOOTERS OF
BANK ARE CAPTURED

ELLSWORTH, Me., Aug. 26.—Charles McCarthy of Philadelphia and Arthur J. Williams of Old Town, arrested at Sedgewick, charged with the burglary at the Tremont Savings bank by which \$1500 in money and Liberty bonds was secured by blowing open two safes last Friday, were arraigned in the municipal court here yesterday and bound over to the grand jury. The third man whom the officers sought had not been found.

LAWRENCE GIRL TO
BE FRENCH SECRETARY

LAWRENCE, Aug. 26.—Miss Imelda Pellerin, daughter of Mr. and Mrs. Lauger Pellerin of 356 Market street, has been selected to accompany Major Louis Dubreuil, assistant military attaché of the French embassy at Washington, on a special mission to France in the capacity of secretary. The mission will sail from New York today.

Miss Pellerin graduated from the local high school with the class of 1917. Previously she attended the Sacred Heart Parochial school. In February, 1918, she went to Washington as secretary to the liaison officer at the Military Intelligence bureau, and last July was transferred to the French embassy.

NEW HAVEN TO CUT
LABOR DAY SERVICE

BOSTON, Aug. 26.—On account of the observance of Labor day the New York, New Haven and Hartford railroad, following its usual custom, will omit a number of local trains into

and out of Boston on Sept. 1. Notices have been posted informing the public of special stops that will be made by regular trains into and out of the city to cover the service dispensed with on this holiday.

GARAGE EXPLOSION
HURTS HUDSON MEN

HUDSON, N. H., Aug. 26.—Hubert Chapman, his brother, John I. and Wayne Peters, yesterday were treated for severe burns and bruises at the Memorial hospital at Nashua.

A blowpipe exploded in the garage of Clifton Colby. The flames considerably damaged the interior of the place.

\$82,000,000 DEPOSITED
IN BANKS IN 8 MONTHS

(Special to The Sun)

STATE HOUSE, Boston, August 26.—More than \$82,000,000 was deposited in the savings banks and savings departments of trust companies in this state during the eight months ending June 30.

This is the official report of Bank Commissioner Augustus L. Thorndike, and is considered by him to be a complete answer to those who have asserted that notwithstanding the era of high wages which has prevailed for several months, the people have not been saving their money.

If this showing is continued for the succeeding four months, the total for the year then completed will be better than for any other similar period in the history of the commonwealth. The record at present is \$68,864,163 for the savings banks alone, established in the

year ending June 30, 1916. Figures for the savings banks for the eight months ending June 30 of this year are \$54,504,270, and if this rate of deposit is maintained for four months more the total for the year will be \$81,756,403, or \$12,532,242 more than the best previous year.

What makes the showing all the more remarkable is the fact that the previous record was established during the year before the United States entered the war, at a time when the war-torn nations in Europe were clamoring for American-made goods and willing to pay almost any sum that was asked, and before war taxes had been imposed upon practically every article entering into the life of the every-day citizen. Notwithstanding, the subsequent increase in the cost of living, Massachusetts citizens have recently been saving at a rate unprecedented in their history.

The total deposits in our savings banks at the end of June were \$1,058,389,184. At the end of the official savings bank year, October 31, 1915, the total was \$1,033,894,914.

Bank Commissioner Thorndike also finds encouragement in the fact that withdrawals of savings were also numerous than usual during the eight months period, although statistics to show the exact extent of such withdrawals are not available. These withdrawals, taken in connection with the heavy increase in deposits, show plainly to his experienced mind that the people are saving small amounts of money until they acquire an amount sufficient to invest in stocks or bonds which pay a rate of interest or dividend in excess of that paid by the savings banks. Reports received from brokers, Commissioner Thorndike says, finally substantiate this theory, and he is convinced that the financial status of the poorer classes, taken as a whole, is better than ever before in this state.

Why Didn't I Reduce Long Ago

We guarantee—\$100.00 cash—that if you weigh too much you can reduce your weight and figure satisfactorily or it will cost you absolutely nothing to follow our famous KOREIN SYSTEM, which includes the taking of Oil of Korein and the following of a few easy, simple directions. No starving (eat sweets if you like), no strenuous exercising. Oil of Korein is a vegetableized oil, contains no thyroid, no purgatives or other drastic ingredients.

Become Slender Easily

If you remain over-stout you are shortening your life; you never see fat people of an old age. Reduce your weight, improve your health, lengthen your life.

Obtain Oil of Korein, follow the simple, easy directions; become slender gradually. The dullness of your face and neck will disappear, your eyes will become brighter, your figure will be what Nature intended. Become supple, alert, graceful. Your brain will serve you better, no more "faded" dullness; become mentally active and efficient. For MEN and WOMEN.

Wonderful results reported by users of Oil of Korein who follow our easy system. Reduction 10 to 60 or more pounds guaranteed; or no cost to you. This means you may reduce whatever you need.

Oil of Korein is for either sex, absolutely harmless. For convenience, is put up in capsules, easy to take.

Accept no substitutes; there is only one genuine Oil of Korein. Users often make such remarks as "The fat seems to melt away" and "I feel so much better every day" and "My friends are amazed at the improvement in my appearance."

Oil of Korein

The Gentle Way to Reducing

Oil of Korein (in capsules) is sold in busy drug stores, including:

P. N. Brunelle, 33 E. Merrimack; F. H. Butler & Co.; Frank J. Campbell; Carter & Sherburne Co.; A. W. Howe; Routhier & Delisle; Chas. O. Wilson; and others in Lowell.

Also by druggists in all parts of America. If you prefer, you may buy a box of us, which will come to you by mail (in plain wrapper), postpaid. You may when it comes. Or write for FREE BOOK, entitled "Reduce Weight Easily," to Korein Company; address as below:

LAWRENCE SLOW

IN TAKING BUSES

LAWRENCE, Aug. 26.—After a hearing yesterday the city council voted to lay on the table for 30 days the petition of the Metropolitan Boston Motor Transportation company for licenses to operate 20 motor busses here. Meanwhile a committee of citizens named by President Richard Ward of the chamber of commerce will confer with Homer Loring, one of the Eastern Massachusetts trustees, relative to the future of the road.

In the interim, too, the city council will map out routes which the new company will have to operate on if it is granted licenses. Many business men, bankers, merchants and manufacturers object to the motor busses coming here.

This is Worth Reading

Thousands have been relieved of indigestion, stomach and liver disorders by SEVEN BARKS; the following extracts from testimonials voluntarily given, prove our assertion.

For the past 20 years SEVEN BARKS has solved me many a doctor bill. I have found it a most excellent remedy for indigestion and kidney troubles.—L. A. Ames, Prospect, Maine.

For seven years I was troubled with stomach trouble and rheumatism, could get no relief. SEVEN BARKS helped me wonderfully, and I will never be without it. In fact, it is a doctor in itself. Since using SEVEN BARKS I eat well, sleep well, and feel like a new person.—Mrs. Mary E. Sturgeon, Shelton Springs, Vt.

I have used SEVEN BARKS and it cured me of a very bad case of Constipation, indigestion. I was all run down, had no strength, could hardly go out doors, etc.; your SEVEN BARKS did me more good than anything I ever tried; it's a good standby and I can heartily recommend it.—Edward Upham, Lynn, Mass.

What SEVEN BARKS has done for others, it will do for you. For sale by druggists. 50 cents per bottle. Don't neglect to try it.—Adv.

DEATHS

SIMPSON—Alphon T. Simpson died yesterday at the home of his son, 240 Walker street. Deceased was a former resident of Lowell.

KELLEY—Lawrence F. Kelley, a well known resident of St. Patrick's parish, died last night at his home, 139 St. Washington street, aged 70 years. He had been a resident of Lowell for 65 years. He is survived by a son, Capt. Frank L. Kelley of Detroit, Mich., and two daughters, Mary F. and Margaret Hayes.

FRAPPIER—Helen M. Frappier, infant daughter of Wilfred and Casey (Casey) Frappier, died yesterday at the home of her parents, 17 Batchelder place, aged 5 months and 5 days.

CLOUGH—Mrs. Mary J. Clough died yesterday afternoon at her home, 280 Varnum avenue, aged 86 years. She leaves her husband, Henry H. Clough, one daughter, Mrs. John S. Clough of Weymouth, Mass.; one son, Warren H. Clough of Providence, R. I.; one sister, Mrs. Sophia Reed of Methuen; also four grandchildren. She was an attendant of the Pawtucket Congregational church.

HORAN—Died in Charlestown, Aug. 24, John H., beloved husband of Catherine M. (née Dunn). Funeral from his late residence, 52 St. Vernon street, Thursday, Aug. 28, at 8:30. Solemn requiem high mass at St. Mary's church, Warren street, at 9 o'clock. Relatives and friends kindly invited. Interment at Lowell. Auto cortege.

LEDoux—Rita, aged 5 months and 22 days, infant daughter of Norrell and Rose Ledoux, died today at the home of her parents, 39 Clark st.

FUNERALS

CLEMENT—The funeral services of Mrs. Angella H. Clement were held yesterday afternoon at her home, 225 Foster street, and were largely attended. Rev. Herbert E. Benton, pastor of the Grace Universalist church, officiated. Appropriate selections were sung by Mrs. Winifred L. Symonds and Mrs. Nettie Roberts. There were many beautiful floral tributes. The bearers were Horace Clement, M. E. Clement, George W. and Clifford H. Lamb. Burial took place in the family lot in Westlawn cemetery, where the committal services were read by Rev. Mr. Benton. The funeral arrangements were in charge of Undertaker Joseph Albert.

services were read by Rev. Mr. Benton. The funeral arrangements were in charge of Undertaker William H. Saunders.

BROWN—The funeral of Miss Catherine Brown took place this morning at 8:30 o'clock from her home, 215 Cross street, and was largely attended by sorrowing relatives and friends. The cortege proceeded to St. Patrick's church where, at 9 o'clock, a funeral mass was sung by Rev. Jos. A. Curtin. The choir, under the direction of Mr. Michael J. Johnson, rendered the Gregorian mass, the solos being sustained by Miss Alice E. Murphy, and Mr. Daniel S. O'Brien. Mr. Johnson presiding at the organ. There was a profusion of beautiful floral tributes and of spiritual bouquets. The bearers were Guy F. Brown, Hubert A. Brown and Arthur Shinnars, nephews of deceased, and Mr. John Mealey. At the grave Rev. Father Curtin read the committal prayers and the burial was in St. Patrick's cemetery, in charge of Undertakers James F. O'Donnell and Sons.

PERUSSE—The funeral of Mrs. Arthur Perusse took place this morning from her home, 256 Cheever street. Solemn high mass of requiem was celebrated at St. Jean Baptiste church at 9 o'clock by Rev. Aurelien Mercier, O.M.I., assisted by Rev. Eugene Turcotte, O.M.I., as deacon and Rev. Augustin Gratton, O.M.I., as sub-deacon. The bearers were Messrs. Hardy, Lamotte, Giroux, Leblanc, Pratte, Mahoney, Piette and Hardy. The Third Order of St. Francis was represented by Mrs. Pratte, Mrs. Hardy and Misses Hardy and Doucette. Burial was in St. Joseph's cemetery, where the committal prayers were read by Rev. Charles Denio, O.M.I. Funeral arrangements were in charge of Undertaker Joseph Albert.

DESROSIERS—The funeral of Mrs. Honore Desrosiers took place this morning from her home, 142 Ennell street. Solemn high mass of requiem was celebrated at St. Louis church at 9 o'clock by Rev. Fr. Complois of Milbury, a nephew of deceased, who was assisted by Rev. P. X. Gauthier and Rev. E. J. Vincent as deacon and sub-deacon. The bearers were Delphis Belleville, Joseph Plon, Joseph Lamoureux, William Manseau, Charles Asselin and Israel Gervais. St. Anne's sodality was represented by Mrs. A. Fortin, Mrs. A. St. Germain, Mrs. J. Lemieux, Mrs. Joseph Plon. The delegates from the Third Order of St. Francis were Mrs. Charles Asselin, Mrs. Napoleon Soucy, Mrs. Israel Gervais and Mrs. Alfred Gosselin. Burial was in St. Joseph's cemetery, where the committal prayers were read by Rev. Fr. Complois. Funeral arrangements were in charge of Undertaker Napoleon Bloudeau. Attending the funeral from out-of-town were Mrs. Piere Leclerc and Mr. and Mrs. Fortunat Lepine of Montreal.

"CERTAINTIES ONLY" IS ROPER'S ANSWER NOW

WASHINGTON, Aug. 26.—Commissioner Roper announced today that the bureau of internal revenue would not answer inquiries relative to proposed business ventures, but would pass on completed transactions only. Many persons have been writing the bureau to know if taxable income would result from such and such plans.

SCHOOL BOARD DEPLORES MOVE

Declares Council's Slicing of Morey School Appropri- ation "Shortsightedness"

Chairman Walsh Says 14 Room Addition Will Mar Symmetry of Building

The school committee, through its chairman, Richard Drabrock Walsh, deplores the action of the municipal council in slicing the appropriation for the Morey school addition from \$315,000 to approximately \$150,000; protests against what it terms "shortsightedness" on the part of the commissioners and hopes the new addition with its unsymmetrical and unfinished wing will be ugly enough to create sufficient public sentiment to demand a completion of the building at the earliest possible moment.

It may not be generally known that when the new addition of 14 rooms is completed it will entirely mar the symmetry of the present building, leaving one wing 66 feet short of corresponding with the other wing. This abbreviated wing will be temporarily sealed up with a terra cotta wall instead of brick, thus making it easy to tear down when the time comes for completing the job.

"I do not believe that the new building will be ready for occupancy before the fall of 1920, judging by the length of time required in constructing the new buildings of the Pawtucket and Bartlett schools," said Chairman Walsh this morning. "And furthermore, when it is ready for occupancy we will have pupils enough to immediately fill it. The 14-room addition will supply our needs in that section for about two years, but no longer."

"In the mind of the school committee the cost of the Morey school addition is not excessive for a building of first class, fire-proof construction. The architect's figure now is 38 cents

per cubic foot, which is considerably less than the cost of constructing the last two schools in Boston. The William Lloyd Garrison school there cost 43.1 cents per cubic foot and the Michelangelo school, 43.3 cents. They are built with the same care that will be exercised here.

"The school committee had no alternative but to accept the 14-room school in place of the one of 18 rooms we had planned. The council practically told us we could take the smaller one or nothing and we were obliged to do so, but it is false economy. The money allotted us for the new building does not allow for any needed changes in the present building. The radiation system should be extensively altered, but this must be laid on the table until a time when additional money is appropriated. The boiler to be installed in the annex will be of sufficient size to heat the entire plant once the steam piping is changed, but until this is possible the old building will continue to be served by the present boiler and furnaces.

"We exceedingly deplore the condition of affairs which will result in an inconformity of construction, but the lack of money is the cause and the building will remain in an unfinished state until more funds are forthcoming."

AMUSEMENT NOTES

B. F. KELT'S THEATRE

B. F. Kelt's theatre got away to an excellent start on its ninth annual vaudeville season yesterday afternoon and evening to the pleasing accompaniment of two picked houses and a bill replete with variety and "class." Riding easily on the crest of the good things that the bill unfolded was the Jazzland Naval Octet who sent more spice and pep skimming through the aisles in the 20 or 25 minutes that they were prancing on the boards than a dozen ordinary jazz acts would be able to uncover. The navy boys are clean cut, young fellows—there's not a bad looking one in the bunch—and they bring with them that zest peculiar to salt water tars. They're not still a minute and several of them heard in solos disclosed voices of no mean attainment.

The gods don't essay anything classical in the usual sense of the term. They shoot out melody after melody that one hears every day in the street and intermittently there came numbers not quite as speedy but capable of abundant funny twists. And when you get right down to it, the ability of the jazz boys to see the funny side of a song and make the most of it is really the secret of their success.

The eight form a jazz band with a variety of instruments ranging from trombone to banjo and each seems a

What are Red Pills—and why should I take them?

RED PILLS are for women, taken specially for Anaemia or poor blood. They are a blood food. They make the blood pure and rich, and build up the whole system.

THOUSANDS and thousands of women and young girls owe their bright eyes, their pretty complexions, their graceful forms and vivid vitality to RED PILLS for Pale and Weak Woman.

IF you are not as well and strong as you should be—if you are always tired or "out of sorts"—if you are having headaches and backaches—if you do not eat and sleep well—if you suffer with giddy spells, nervous attacks, indigestion—than you have Anaemia and should get RED PILLS at once.

MRS. LOUIS HUARD, 73 Broad Street, Fall River, Mass., says: "I had twenty-four children, and at that period of life which is always so hard for a woman to pass safely, I was completely run-down and was suffering from the bad symptoms and ailments which woman is heir to, and which make her life so miserable, such as palpitations of the heart, dizziness, numbness of the limbs, poor digestion, and so many other complaints known only to women who have experienced them themselves. I was persuaded to start taking RED PILLS for Pale and Weak Women, and to this day I cannot praise them too highly, for they restored my strength and vitality, and thanks to their salutary effects I was able to pass through this difficult stage of life with as little trouble as possible, and I now feel better than ever."

CAUTION—The formula of RED PILLS for Pale and Weak Women was first discovered in Paris, in the year of 1870, by a famous French doctor, and they have been widely used ever since.

To avoid imitations or substitutions, insist on the signature "Cie Chimique France-Americaine". In boxes only, 50 cents, or six boxes for \$2.50.

past master of his particular specialty. The sailors are nimble on their feet and in their spick and span white uniforms present what the clothing stores call "a satisfying appearance." They are one of the first of what will probably be hundreds of service men acts to come to Lowell and their introductory was all that could be asked for.

Muriel Morgan and Minnie Kloter have the rare gift of a sense of humor. Muriel is of elevated stature and by the compression of close-fitting gowns gives the impression of undue slenderness. Minnie is a more shapely youngster with a praiseworthy voice. When Minnie isn't singing Muriel is keeping the house in an uproar and the combination can't be beaten.

A touch of oldtime minstrelsy is given by Lew Pistol and O. H. Cushing in their skit, "The Stranded Minstrels." The characters are the manager of a traveling minstrel troupe and the rest of the troupe. The manager travels via a wheelbarrow and the means of locomotion is the "rest of the troupe," colored by persuasion. Ghosts and talk of ghosts figure prominently in the act and there's not a flick of the watch that doesn't bring a shiver while the two are before the footlights.

The deductive method of painting is the way philosophers would probably term Rudinoff's exhibition. Rudinoff is a bewhiskered gentleman, every inch a product of the Latin quarter if appearances count for anything, who makes startlingly attractive pictures by smoking a large pan and then rubbing out unnecessary parts of the smoke. He made an excellent sketch of New York harbor last evening and then by a few more obliterations changed it into a Holland scene. A few more erasures and it was a rural scene. And all through his work Rudinoff assures his audiences that anybody can do it at home—providing you know how. The second attraction about Rudinoff is his whistling and the imitations of the nightingale made a big hit last evening.

Other good things on this week's bill include Betty and Esther in gymnastics and comedy, The La Vars, rapid fire dancers; Mildred Valmore in character songs and the weekly news picture of Current Events. Charlie Chaplin in "Sunnyside," his latest million dollar comedy, is the funniest of his series and had 15 minutes of continuous uproar reverberating through the theatre yesterday.

On the whole, the opening bill is most attractive. Seats for the remaining performances of the week may be secured in advance at the box office. Phone 11.

LOWELL OPERA HOUSE

The Emerson Players, with Messrs. Schaeke and Buckley at the head, and House Manager Cook directing the front of the house, will open its season at the Opera house on Labor Day, matinee and night, in Booth Tarkington and Julian Street's latest stage success, "The Country Cousin." Don't miss the announcement of the opening of the 1919-20 stock season, and the arrival of the new company, including some of the stellar lights of the theatre.

EVERYTHING BABY NEEDS

Will be found in our Little Grey Shops on the Second Floor. We pride ourselves on the completeness of our stock of Infants' Wear and Nursery Accessories. All fresh, up-to-date goods, intelligently selected and reasonably priced. Experienced, baby-wise women to wait on you. And on every hand suggestions that will contribute to Baby's health and comfort. FOR INSTANCE:

Vanta Baby Garments

The Kind That Tie With Cute Little Bows of Twistless Tape

NO PINS!

A complete line of knitted garments for infants and small children that enable you to dress Baby from top to toe without a single pin or button and without once turning him over. No danger of infection from pin pricks and scratches. No buttons to pull off or be broken in the wringer.

NO BUTTONS!

Vanta Baby Garments—endorsed by doctors, nurses and infant welfare experts—include Abdominal Binders, Teething Bands, Shirts, Gertrudes, Nighties and Pinless Diapers. These, and countless other baby comforts, await your inspection at our store.

Today is Clinic Day in our Little Grey Shops. Every Tuesday since our Baby week in June, mothers have brought their little babies to get weighed. A silver loving cup will be given to the baby who shows the nearest normal development. This cup will be given in November—why not give YOUR baby a chance to win? Bring your Baby to The Grey Shop Today.

CREOLIN-PEARSON has a wide range of usefulness in your home, on the farm, in stable and factory. It is both antiseptic and disinfectant. CREOLIN-PEARSON has a Carbolic Acid Coefficient of 9 to 10, which is clearly marked on the label for your protection. CREOLIN-PEARSON always makes a milky solution with water. This and its slight odor are characteristic. CREOLIN-PEARSON is safe to handle as directed; it is neither caustic nor corrosive. At Your Druggist's 25c, 50c and \$1.00 Bottles

tical world, will be accepted with genuine favor by the patrons of Lowell and vicinity.

Mr. Schaeke spent all last week in New York City engaging his company and contracting for the biggest and best results for the stock season, and his efforts resulted most satisfactorily to himself, and should be most satisfying to the local theatre-goers. A better balanced aggregation of actors and actresses never before opened a stock season in Lowell, and every assurance is given that the productions scheduled will be given with the same artistic finish and complete presentation. Rehearsals are already under way, with Director J. Francis Kirke in charge.

The leading woman of the company is Miss Margaret Fields, an actress of recognized worth and ability in the east and middle west. Her last engagement was with the "Flamingo, Red Room and Bath" company, and previous to that owned her own company at Paterson, N. J. Miss Fields has a charming personality as well as rare talent which is sure to be reflected to a marked degree during the coming season.

John Meehan, the leading man, is an actor of exceptional talent and the management was indeed fortunate in being able to secure his services. For several seasons he was identified with the biggest stock companies in New York, and in other cities, and previous to then enjoyed an enviable reputation in stock circles of the west. His versatility is one of his greatest assets, while his personality is said to add materially to his successful stage career. Mr. Meehan filled out success of a stock season depends, in land, Oregon, and in New York city.

J. Francis Kirke, the director, is easily listed as one of the most valuable heads of stock companies in the east. For seasons he was identified with the Poller and other well-known and reputable theatrical concerns throughout the country. The success of a stock season depends, in a large measure, on the capabilities of its director, and in this particular the Emerson Players are indeed fortunate in having Mr. Kirke with them.

Priscilla Knowles, leading heavy and character woman, is an actress that Lowell audiences will surely warm up to very readily. Miss Knowles enjoys the rare distinction of having played 2000 consecutive performances, and on the occasion of her 1000th performance was presented a beautiful gold medal by her admiring friends and theatre patrons. She has had a wide and valuable experience in theatrical circles. There isn't the slightest question but that she will win instant recognition with local patrons.

Helen Freeburn, the second woman of the company, was with the Bank players of California, and also at White Plains, N. Y., for several seasons, and is an actress that will contribute materially to the promised success of the local engagement.

William Melville, the second man of the cast, comes to Lowell with a reputation that includes successes in many of the large theatrical centres of the east, and Jack Bennett, the character man, has been connected with some of the best stock companies of the country, including those at Cleveland and Halifax. He played with the "Dawn of Tomorrow" company.

Hal Crane is the juvenile man and Helen Scott the ingenue, and both are the type that should win genuine approval with the patrons. Their past records indicate clearly that they should experience not the slightest difficulty in making friends quickly in this city. Arthur Mack, the stage manager, has just re-

turned from 22 months service overseas, where he was wounded and later captured by the Germans. Previous to his enlistment he was with the leading company of comedies, Brooklyn, N. Y. Charles B. Stillwell, is the scenic artist, and Grace Germaine and Harrison Grey are other members of the company.

THE STRAND THEATRE

Seats at the Strand theatre yesterday afternoon and evening were at a premium and the reason for this was that the king of comedy, Charlie Chaplin, was being featured in one of his latest and best comedies, "Sunnyside." Those who were unable to gain admission yesterday, may do so tomorrow, for the same bill will be repeated this afternoon and evening and tomorrow afternoon and evening.

Of course Charlie is the prime factor on the program of the first three days, but nevertheless there are other good numbers, such as "Almost Married" and "One of the Finest." In addition there is also the Universal Weekly, which proves interesting and instructive, while musical numbers by Samuel Wallace add greatly to the enjoyment of the bill.

The only thing that can be said about Charlie Chaplin in "Sunnyside" is that you will laugh from the beginning to the end. Whether you are a man, woman or child, Charlie is funny and his new sketch is nothing but a scream. See Charlie and enjoy a good laugh.

"One of the Finest" is a melodrama of great merit. It deals with the doings of a traffic officer, who is transplanted to the city of the first three days, but nevertheless there are other good numbers, such as "Almost Married" and "One of the Finest." In addition there is also the Universal Weekly, which proves interesting and instructive, while musical numbers by Samuel Wallace add greatly to the enjoyment of the bill.

"Almost Married," a beautiful comedy-drama in which many children are seen at her best, was another contributing factor in this highly enjoyable bill. The young star played a role which gave her her first big star character delineation. In the first scenes she appears as Adrienne, daughter of a Swiss inn keeper. She meets a young American millionaire who proves that his love will not stand the test of ridicule. He leaves secretly while the others are asleep and the girl awakes to find herself deserted. Angered at his faithlessness she ac-

cepts an offer to come to New York, where, by the power of her beautiful voice she becomes the reigning favorite at a famous midnight review. She meets the father of the young man and between them they concoct a plan whereby the son is given a lesson he will never forget. He finally becomes desolate and everything ends happily.

The result of the pony contest, which will be brought to a close in a few weeks, so far, is as follows: Walter Schaeke, 68.5; Robert Carr, Jr., 62.5; Sunshine McCleughry 45.2; Peggy O'Reilly, 42.75. The others named in the order of their standing are: Joseph Bouger, John Lester, Herbert Crosby, Louise Hall, Gladys Pitts, Carroll Smith, Ellen Devine, Josephine Farrell, John Connor, Herbert Barnes and William O'Brien. It is expected that the pony and outfit will arrive some time this week or early next week.

PHOSPHATE STRENGTHENS WEAK NERVES

Nothing Like Plain Bitro-Phosphate to Strengthen Weak Nerves and Increase Strength and Vigor

According to a noted French Scientist, the most effective remedy for nervousness, insomnia, and ailments due to depleted nerve force, is a form of organic phosphate known among druggists in this country as Bitro-Phosphate.

It is described as a substance which is similar in composition to the phosphorus naturally found in brain and nerve cells and, being easily and quickly assimilated, the work of creating nerve force, strength and vigor begins immediately it is taken into the human system.

There are many reports of astonishing results from its use, some showing remarkable improvement even in stubborn cases of long standing nerve weakness. As there are many kinds of phosphates, care should be exercised to procure the genuine Bitro-Phosphate as sold by A. W. Dowds in Lowell and all good druggists.—Adv.

The Joy of My Baby's Health

THAT baby of mine radiates health and happiness like a little roll of sunshine! I never knew how easy it was to take care of a perfectly well baby. Why, he takes care of himself! He just lies in his crib all day and smiles dreamily at the world, and grows like a flower, and gets sturdier, it seems to me, every minute.

It's all because of his food. We used to have so much trouble with milk, when I found I couldn't nurse him!

And then my mother told me that I had been brought up on Nestlé's Milk Food when I was little—so we tried it.

It is really just pure milk, you know, only changed into powder so the tough curds are broken up and it is easier to digest. And it is more nourishing, too, because they add just the right amount of sugar and cereal. All I do is add pure water

and boil a minute—and my baby is safe and well.

I know that if your baby has trouble with his food, the Nestlé Company will be glad to help you. They will send you free, as they sent me, a big Mother's Book on how to take care of your baby, and enough Nestlé's Food for twelve feedings. All you have to do is to fill out and send the coupon. Then you can be, with me, the happiest woman in the world—because your baby is well.

Nestlé's is pure milk in powder form that is already modified and does not require the further addition of milk. Always pure and safe, always uniform, and free from the dangers of home modification, Nestlé's has won the test of three generations and has today the largest sale of any baby food in the world.

FREE! Enough Nestlé's for 12 feedings. Send the coupon.

EXPECT 1000 WAR HEROES IN LINE

Final Meeting of General
Committee in Charge of
Reception to Service Men

Elaborate Plans for Big
Parade, Banquet and Mass
Meeting on Labor Day

A final meeting of the general committee in charge of the arrangements for the big welcome home celebration to be given the French-speaking soldiers and sailors of this city Labor day, was held last evening in C.M.A.C. hall, in Pawtucket street with a very large attendance. Sub-committees reported that everything was in readiness for the big celebration and all predicted that the affair will be one of the biggest of its kind ever held in this city and will even eclipse the big St. John day celebration held in Lowell in 1905. The details of the affair were gone over carefully and providing the weather man is kind to the French-speaking residents of this city, Sept. 1 is a day to remain a memorable date in the history of Lowell war heroes.

Last evening's meeting was presided over by Chairman Joseph L. Lamoureux and at the close of the meeting an invitation was extended to all the residents and business men along the route of the parade to decorate their homes or places of business. The committee will do its share of the decorating, for it was voted to have the poles of the white way along Middlesex, Central and Merrimack streets decorated, while the headquarters of the committee, the C.M.A.C. building, as well as the lawn at the home of Mrs. Anna de

Lamotte at the corner of Salem and Whiting streets, will be adorned with bunting and the national colors.

The program as arranged and completed at last evening's meeting will include a solemn high mass of thanksgiving at 10 o'clock in the forenoon at the French-American orphanage groto in Pawtucket street, where music will be furnished by a choir composed of singers from the three French Catholic parishes of the city, the singing to be under the direction of Telephore Malo, choirmaster at St. Joseph's. At 3 o'clock in the afternoon a monster parade will be held and at the close of the march a banquet will be served the soldiers and sailors in uniform on the lawn at the home of Mrs. de Lamotte in Salem street. In the evening a mass meeting will be held on the North common, where a concert will be given and brief addresses will be delivered, the names of the speakers to be announced later.

The Parade

The parade will form in Westford street in the vicinity of Smith street and will leave promptly at 3 o'clock, the route to be as follows: Westford to Smith, to Branch, to Middlesex, to Central, to Merrimack, to Pawtucket, to School, to Mammoth road, to Fourth avenue, to Moody, to Aiken, to West Sixth as far as West street and countermarch to Aiken, to Moody, to Cabot, to Salem and to the North common, where it will be dismissed. The parade will be reviewed at city hall by Governor Coolidge, Congressman Rogers and the members of the municipal council. As will be noticed there has been a change in the route of the parade, for instead of swinging into Riverside street from Mammoth road as it was first intended, the line will continue up Mammoth road as far as Fourth avenue and over Moody street.

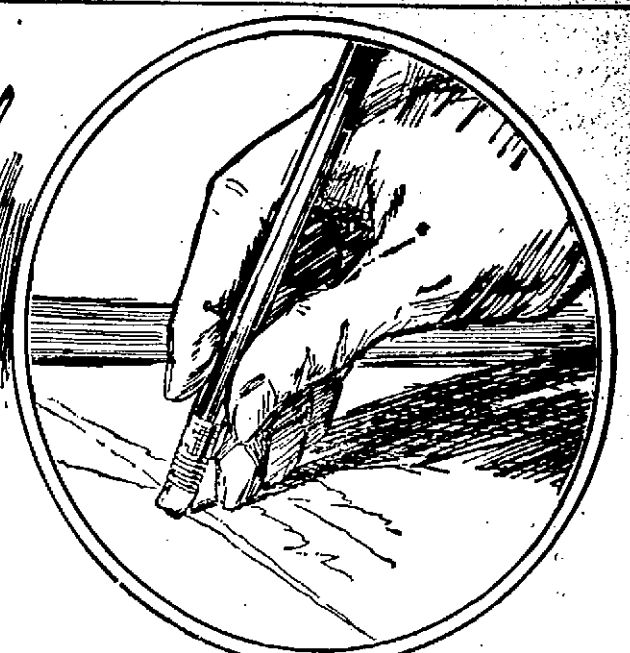

At the close of the parade the soldiers and sailors in uniform will be escorted to the home of Mrs. de Lamotte in Salem street, where they will be served a banquet. During the dinner a musical program will be given by a local band.

Doings of the Meeting

The meeting was a very enthusiastic one and all committees were anxious to report what they had accomplished. Routine business was transacted and then it was voted to request Commissioner Morse of the fire department to allow the French-speaking members of his department to participate in the parade as an escort with the police department. It was stated that as an inducement for the soldiers and sailors to participate in the parade several prizes will be drawn at the banquet. The men will be given tickets upon reaching the banquet grounds, which will give them a chance on the following cash

Rubber is not always resilient. Any man who has ever broken a pipe stem knows just how hard and brittle it can be

As prepared for the pencil eraser, rubber is soft and crumbly. Its resiliency is slight and it wears away rapidly.

Rubber can be as brittle as a pipe-stem or soft and crumbly as an eraser

The springiness, or resiliency, which we associate
with rubber, depends on the "compound"

JUST as silver is combined with other metals to make it durable, so is rubber "compounded." Different "compounds" are responsible for the wide variety of rubber products we use daily—hard, brittle articles like pipe-stems, fountain-pens and combs at one extreme, and the soft, crumbly pencil eraser at the other.

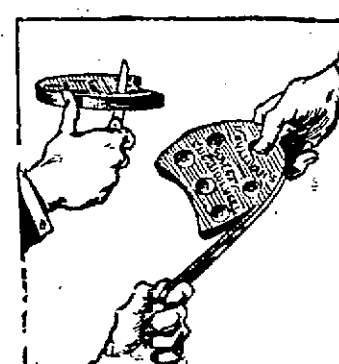

O'Sullivan's Heels—now universally recognized as a practical necessity of city life—put an exacting demand on the "compounding" process. O'Sullivan's Heels must be both *durable* and *resilient*—they must have the toughness to withstand daily grinding on hard pavements, and the springiness to absorb the jolts and jars of walking.

What gives a rubber heel "life"

It is not just the rubber that gives O'Sullivan's Heels their springiness and wearing qualities.

To secure the resiliency and durability of O'Sullivan's Heels, the highest grades of rubber are "compounded" with the best toughening

agents known. The "compound" is then "cured" or baked under high pressure. By this special process the greatest resiliency is combined with the utmost durability. It is this special process that has, since the making of the first rubber heel, established O'Sullivan's Heels as the standard of rubber heel quality.

If an O'Sullivan Heel is cut along the side so that a thin strip of rubber is left attached at one end, that strip will have great elasticity—it can be stretched several inches. With an ordinary rubber heel the material snaps in two before it has stretched to any great degree. This test proves the remarkable resiliency and durability of O'Sullivan's Heels.

Guaranteed to outlast
any other heels

O'Sullivan's Heels are guaranteed to wear twice as long as ordinary rubber heels; and will outlast three pairs of leather heels.

Go to your shoe repairer today and have O'Sullivan's Heels put on your shoes.

O'Sullivan's Heels are furnished in black, white or tan; for men, women and children. Specify O'Sullivan's Heels and be sure that you get O'Sullivan's—avoid the disappointment of substitutes.

O'Sullivan's Heels

Absorb the shocks that tire you out

Copyrighted R. Co.

O'Sullivan's Heels protect you against the jars and jolts of walking. They absorb the shocks that tire you out—conserve your energy.

prizes: \$25, \$15, \$10, \$5, \$5 and four \$2.50.

It was announced that prizes will be given for the best decorated floats in the parade and the names of the judges, who will be selected by the executive committee, will be announced after the parade. Commissioner George M. Marchand, who is a member of the committee informed his listeners that he will erect a temporary handstand, speakers' stand and singers' stand on the North common for the mass meeting.

The committee on floats reported that already about 25 floats had been checked off and that more will be announced during the week. The committee on the souvenir program reported that the pamphlet, which will contain valuable information concerning the part played by the French-speaking soldiers and sailors

in the war, will be sold at the French churches Sunday morning after masses and that more will be distributed Labor day.

The official insignia for the day, according to the badge committee, will be a red, white and blue ribbon bearing the inscription, "Bienvenue a Nos Heros." "Welcome to Our Heroes." They will be sold at 25 cents per copy.

The music committee reports that the following bands had been hired for the parade: Lowell Military, Lowell Cadet, Middlesex Training school, United States Cartridge Co., Eagles and Irish Volunteers.

A feature of the meeting was the report of the treasurer, Hector Dupuis, who announced that he had on hand the sum of \$2547.21 and he predicted this amount would be swelled to \$1000. The amounts re-

ceived from the different parishes are as follows: St. Joseph's, \$700; St. Louis, \$354.40; Notre Dame, Lourdes, \$275. The whist held recently at the home of Mrs. de Lamotte netted \$214.75.

The committee has made arrangements for automobiles for disabled soldiers and they hope that all veterans of the world war who are un-

able to march, will send in their names and addresses as soon as possible to general headquarters, the C.M.A.C. in Pawtucket street. It is expected and sincerely hoped that at least 1000 boys in uniform will take part in the celebration, and a last appeal is being sent out to all young men in uniform to leave their names at one of the various places of registration.

REAL ESTATE PROSPERITY

Many people in a position to know, state that never have real estate men in Lowell enjoyed such a time of prosperity as is the case at present. Evidently it is a prosperity that is to continue. There is, for instance, every indication that the number of home owners is to increase rapidly, many persons becoming home owners in "self defense."

The amount of building going on now does not keep up with the demand for places to live in by at least 20 per cent. This does not alter the fact that many persons who have owned real estate for many years are now taking advantage of the favorable market to exchange the property for cash. Hundreds of tenants are becoming their own landlords.

No real estate man can afford to neglect the field of the one big evening paper here. Trying to reach out for more business among tenants and property owners, the sure agency to do it is to advertise in

THE CITY MANAGER

We have just received a copy of the Fifth Year Book of the City Managers' association. Glancing over the contents, one gets the impression that the city managers have rescued quite a large number of cities and towns from the ravages of politicians, generally reducing expenditures and doing a great many things that were never done before.

The city manager is here elevated to the dignity of an institution, an important discovery by which the municipalities that got "stung" on the commission form of government, may try a new experiment, with equally barren hopes of success.

We all remember with what encomiums the commission form of city government was foisted upon many New England cities some ten years ago and we know what the result has been. Some have discarded it with bitter disappointment, after an expensive trial and most of the others that adopted it are about to do the same.

To all such cities, the plan of hiring a city manager is presented as a substitute for the commission. The city manager costs from \$1500 up to \$10,000 and if he be a thoroughly honest and efficient man, he is worth that or even more. But that "if" is a mighty stumbling block. If the commission of five is objected to because of its small membership, much more objectionable is the commission of one, for that is what the city manager really is, although he is usually under the direction of a city commission.

We read in this year book that one city manager acts as clerk, assessor, tax collector and police department and at the same time has charge of the municipal light and water plants, and all at a salary of \$1200.

That state of affairs is said to exist at Largo, Fla.; but in cities of moderate size, whatever is done in the line of progress is set down to the credit of the city manager. It would seem that things were generally retrograding until the cities mentioned hit upon the idea of a city manager. Since that all has been well, if we are to heed the bouquets which this association of city managers so lavishly flings at themselves.

No longer need any city struggle under corrupt or inefficient government. All that is necessary in order to secure up-to-date and progressive municipal government is to engage a city manager and give him full charge. And who are the city managers? Chiefly men who have held political office somewhere until they could no longer convince anybody that their continuance in office would be advantageous to the municipality they served. In such a case the position of city manager in another municipality, had many attractions. Besides, it is the rule that if a man gets a standing as "city manager" even in a town of 500, he is in line for appointment elsewhere at a much larger salary.

Thus the business of city manager is offering some fat berths to broken down politicians who could not find employment of any other kind. But as a panacea for municipal misgovernment we refuse to accept it. It is simply a plan of bolstering up an inefficient commission. First we were told the commission itself would do the business, but now we are apprised that in addition there must be a city manager, who will be the executive official of the city.

Perhaps one manager is better than five; but if any city wants an executive official why not elect him in the old fashioned way and design

nate him by the time honored name of "mayor."

The term "city manager" is new and appeals to the unthinking; but in its best application it means nothing more nor less than the choice of a trained and competent business executive to conduct the affairs of the city. Under the "system" the city commission would choose the city manager and he might be nothing more than a tool of those who gave him the place. Even should this be true, the people could not remove him except they first remove the commissioners who appointed him.

It is well that our New England cities, especially those over 50,000 in population, go light on these facts and follies of municipal government that have their origin in the middle west and the south usually where municipal conditions were deplorable and where any half decent direction of affairs, must necessarily be a decided improvement upon that which preceded.

THE CARMEN'S STRIKE

Indications point to a strike of the street railway men employed by the Eastern Massachusetts Co. We do not see any just reason why such a strike should be voted or sanctioned. If the men are dissatisfied with the award of the War Labor Board, they should make known the fact to the proper authorities and await developments. There are many ways of securing the desired end and all are preferable to a strike. The trustees of the company in this situation have a responsibility to do their utmost to maintain the service in the interests of the public. Now is the time to forestall a strike and perhaps a little diplomacy on the part of the trustees, or of Governor Coolidge would avert what may prove to be a very expensive ordeal for all concerned.

This street railway company is practically in the hands of the state authorities and if they stand idly by while a strike is being prepared and organized, they will be in a measure responsible for the result. It will not help matters much to declare afterwards that the strike is in violation of an agreement and not sanctioned by the national officers.

The differences between the men and the trustees are not such as cannot be satisfactorily settled by a board of arbitration. The men evidently have refused to accept the decision of the War Labor Board and the question now comes on reopening the case. If this can be done without violating any agreement or contract, the men can bring their demands to the front for settlement preferably without a strike under which they would be the chief sufferers.

Before declaring a strike the carmen should consider whether public opinion will be with them in taking such action. We believe a few street railway strikes will solve the problem by killing the railway business except on interurban lines. The jitneys and motor trucks will be so developed as to handle the traffic on city routes. The end of the strike may see a general curtailment of the business.

President Mahon of the international carmen's union maintains the credit and honor of union labor in holding all the locals to the letter of their agreements. If the carmen accepted the finding of the War Labor Board, they cannot justly reopen the case without some good reason. They claim the award of the War Labor Board is "equal." It is plain that legal points are involved which it will require careful

deliberation to clear up. To cut off the negotiations by a strike at this time would be the worst course the carmen could adopt. In such a case hasty action might be disastrous.

SAVE THE INFANTS

For some time past there have been intimations that many children in this city are being underfed, some suppose as a result of the high cost of living. This is a matter that should be investigated by our city government. If the charge is based upon facts, some steps should be taken to provide the necessary remedy.

We have a large percentage of infant mortality and this, we believe, is due more to carelessness on the part of the parents than any other cause. It is not due to poverty, but rather to the greed of the mothers who in many cases go to work in the mills in order to earn high wages, while leaving little children at home in care of older children and, therefore, not properly provided for. Infants abandoned in this manner in the hot weather, soon contract stomach disorders which lead to cholera infantum, that in most cases ends in death. Even in sickness the little ones are neglected until it is too late. For this the mothers who leave their children during the day without proper care are constructively responsible. They should be looked after by the health authorities and compelled to give the little ones the care necessary to save their lives.

It is understood that some mothers who leave their infants in this way have substantial bank accounts and that they are not compelled to work for their self-support. In some cases, it is true, that mothers are obliged to work because of the intoxication or shiftlessness of their husbands. These cases should also be looked up, and such men should be compelled to do their duty to their families, or else go to jail. It seems that co-operation between the police department and the board of health might bring about a great improvement in the treatment of young children and thus materially reduce the rate of infant mortality.

BOSTON POLICE

It seems that practically everything is ready for the police strike in Boston. Commissioner Curtis has a sufficient number of volunteers ready to take the places of the regular policemen, and the labor unions of Boston, affiliated with the American Federation of Labor are ready to back up the strikers to the limit. The commissioner contends that the police, having sworn to obey the rules of the department, cannot strike without violating their oath, but it appears that the police have a different opinion and feel that in the absence of any official body to which they may submit their demands they are justified in striking.

The city of Boston is now in the position in which it must remain until the legislature provides some legal tribunal for the settlement of labor troubles in which the employees are in the public service. There should be some court of arbitration to deal with the demands of policemen, firemen, railroad men and electric carmen. None of these public servants should be permitted to strike on any condition. But if that right be taken away, it should be compensated for by the establishment of some such tribunal as we have suggested for the equitable settlement of the demands of public servants or of those employed in the various public utilities.

On President Wilson's law of ethnological self-determination, there can be but one logical disposition of Thrace and that is that it shall be restored to Greece. The railroad shopmen may not be satisfied at the four cents an hour increase but we surmise, they will accept it without a murmur as to insist on more or to declare a strike would be unpatriotic at this juncture.

Our troops that visited Mexico are back in the United States, but unfortunately they did not bring with them the game they went after. They do claim to have killed one bandit leader. Let us hope so. But Villa still lives.

The reports that Germans are responsible for much of the trouble in Mexico and even the raids on the border are not without foundation. Hereafter it will be necessary to watch and wait for actual evidence that Mexico is really an enemy to the western hemisphere.

CONSTANT PAIN AFTER EATING

The Tortures of Dyspepsia Corrected by "Fruit-a-lives"

ST. MARTIN'S
"For two years, I suffered tortures from severe dyspepsia. I had constant pains after eating: pains down the sides and back; and horrible bitter stuff often came up in my mouth. I tried doctors but they did not help me. But as soon as I started taking 'Fruit-a-lives' (or 'Fruit-Liver Tablets') I began to improve and this medicine, made of fruit juices, relieved me when everything else failed."

SEEN AND HEARD

George Wharton Pepper considered "Pop" in his address here the other night.

Babe Ruth continues his ruthless attack on opposing pitchers and his home run hitting has made him the talk of the country. He certainly is "some baby."

If Lowell men continue to enlist for service on the U.S.S. North Dakota it may soon be in order to change the name of the big battleship to the "Spindle City."

The South End residents say that the welcome home receptions to the Centralville and Acre heroes will have nothing on the demonstration they are planning for their service men.

The plan to put up money prizes for the polo league winners is one that ought to result in keener rivalry and consequently better and faster polo than has been played heretofore. The old long green will bring out more interest and rivalry than all the pennant emblems ever made.

Cincinnati people are little concerned over the League of Nations. All they have the time or desire to think about is the national league race, which their sensational team is now leading, and the Palmorans have accomplished this despite the move to "make the league safe for the New York Giants."

One Enough in Small Family

The other day Danny Duff got a spanking from his father, Tom Duff (You know Tom?).

And later, Danny remarked to his mother:

"I'm getting so, ma, I can hardly stand that man you have for a husband."

Here's another story they tell on Tom Duff:

"Mr. Duff," pleaded Olivia's best beau, "I wish to marry your niece."

"Yes, do, eh," replied Tom.

"You, I love her."

"Is that so?" Duff asked, feeling sure it was so, for the calf-eyed young man looked it.

"Why," returned the young man, "I would die for her. For one soft glance from those sweet eyes I would hurt myself from yonder cliff and perish—"

A bruised mass upon the rocks 200 feet below.

Tom shook his head. "I'm something of a liar myself," he said, "and one is enough for a small family like this."

The Death of the Wife

Copyright, 1919, N.E.A.

I.
Look! I overflow with life,
I am filled with breath!
Pleasant for us both, my wife,
Aye, and even for death!

Let him gather what he will,
I've a portion for you still.

II.
I have life and you have none?
I have death! I could not share?
Then all justice is undone
And the Universe unfair.

Life's a lie, for nothing's true
That I may not share with you.

III.
Who is God who brings this blight
And yet forces me to live?
Gives me life, but not the right
In my turn to grant and give.

God! I'm made a mockery of!
Stuffed with life and stripped of love!

—EDMUND VANCE COOKE.

Cadum Ointment for Eczema

If you have eczema or any other skin trouble, get a box of Cadum Ointment. It stops the itching at once and is very soothing and healing wherever the skin is irritated or inflamed. Cadum Ointment is also good for pimples, blotches, rash, eruptions, scaly skin, chafings, piles, itch, tetter, sores, scabs, ringworm, cuts, burns, insect bites, etc.

Cadum Ointment is a French preparation made in America from the original formula.

MAN ABOUT TOWN

Sergt. McLeod, the officer in charge of the local army recruiting station, speaks interestingly of the efforts which the army officials are making to solidify the various races which are represented in the recruits coming into the service. It is a sort of a melting pot proposition and not wholly alien to the Americanization work being done by the local board of trade and various civic bodies in other communities. The army is now offering to non-English speaking and illiterate aliens the chance to enlist in the service, according to Sergt. McLeod, and promises them a knowledge of the English language and full citizenship after the three year enlistment has expired. The first recruit educational center for this type of recruits has been established at Camp Upton, N. Y., and other camps modeled on this one are in process of organization.

The police of Manchester, N. H., aren't worrying a lot about increased wages these days—at least, so a Queen City "copper" declared today. Not because they aren't interested in handling old high cost of living a jolt; but they have already received substantial increases which will become effective Sept. 1. So they should worry. Every one but the big chief and matron was remembered in the increase, which has been approved by Mayor Verrette. I don't know just why they were left out. Perhaps they don't need it. Anyway, the rest of Manchester's "finest" will notice a difference in their pay envelopes after the first of the month, and they are ready to tell the world that a cop's life isn't so bad after all. It is believed in Manchester that the question of the formation of a policemen's union there has been dropped for the present, at least, as a result of the mayor's approval of the wage petition.

I attended an auction sale in a downtown store a few days ago and I felt sorry for the auctioneer, for although he is a very capable man in his business, luck was against him. Most of the articles he put up for sale, were turned down, while others he refused to sell because he did not feel the first bid was sufficiently high. There was one article he sold, however, and although the purchaser was a little bit disappointed, he proved to be a sport, for he paid the price and left the premises with his purchase. When the auctioneer put up this article, which greatly resembled an ice cream freezer, one of the men present offered 75 cents for the article. Another boosted the price up a nickel and the first bidder quickly relented with "85 cents." "Sold to this gentleman here," cried out the auctioneer, pointing out to the first and last bidder. When the latter called for the article he enquired of the auctioneer what it was and when informed that it was a butter churn, he replied: "Gosh! I thought it was an ice cream freezer." Nevertheless he paid and brought his churn home.

BUILDINGS ON MEMORIAL AUDITORIUM SITE SOLD

The nine tenement buildings on East Merrimack, Brown and Stackpole streets, standing on the site of the proposed memorial auditorium to Lowell's soldiers and sailors of the world war, brought a total of \$3740 at the public auction sale conducted yesterday afternoon by Auctioneer George F. Stiles. Several hundred people were present at the sale and the bidding was brisk and spirited.

The largest of the buildings, a 12-tenement structure facing on East Merrimack street, brought \$975 from Stearns Bros. Other purchasers were David Ziskind, Isrol Greenberg, Joseph Urhanek, Thomas J. Carville and A. Kallil.

The buildings were sold with the understanding that the purchasers should pay 50 per cent, when the property was struck off. The buildings must be removed by the purchasers within three weeks after they have been vacated and tenants have been notified to vacate by Sept. 15.

The first parcel sold was the two-tenement building numbered 12-15 Stackpole street. Bidding started at \$50 and the building was sold to David Ziskind for \$200 after a dozen or so bids.

Mr. Ziskind was also the purchaser of the second parcel struck off, the three tenement building numbered 21-31 Stackpole street. The purchase price was \$405.

The six-tenement block numbered 6-12 Stackpole street was also sold to Mr. Ziskind for \$110. The bids started at \$200.

Isrol Greenberg was the highest bidder for the eight-tenement block

Some very handsome Shirts have arrived—and the quiet refined patterns show the distinct trend of fashion.

Black and white in narrow stripes—hair line closely spaced stripes, in pale green and plain white woven madras are fair illustrations of the prevailing ideas.

Very New Knitted Silk Ties

EXCEPTIONAL VALUE

\$1.50

These have just arrived—most generous in width and fine in quality.

Solid colors in the striking "diamond" weave and fall combinations, black and white, black and red, black and blue, green and gold and heather in a chain weave.

Putnam & Son Co.

166 CENTRAL STREET

numbered 16-25 Stackpole street, and his bid was \$655. He also bought the adjoining 10-tenement building numbered 32-46 Stackpole street for \$550.

The two small brick buildings with wooden sills at the junction of Stackpole and Brown streets were bought by Thomas J. Carville and A. Kallil, respectively, for \$45 and \$60.

The six tenement block, numbered 14 to 20 Brown street, brought \$110 from Joseph Urhanek after some exceptionally brisk bidding.

Steering Bros. bought the last and largest parcel of the afternoon—the 12-tenement block facing on East Merrimack street. The purchase price was \$975.

The sale started shortly after 4 o'clock and was completed in 45 minutes. Auctioneer Stiles did his work from Mayor Perry D. Thompson's automobile and with the mayor at the wheel, the machine travelled around the circle of property in quick time. Arthur L. Eno, clerk of the auditorium building commission, took charge of the deposits made by the purchasers.

TEXTILE WORKERS MAY GO ON STRIKE

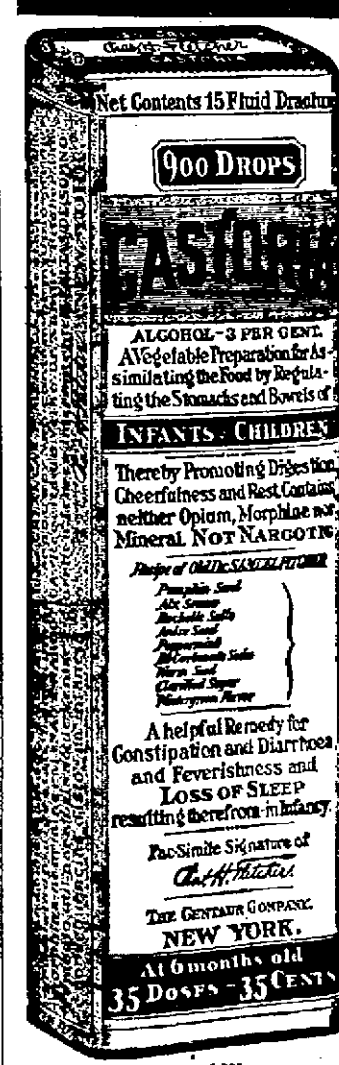

John Golden, international president of the United Textile Workers of America came to Lowell yesterday afternoon and with President Timothy Healy and Vice President Joseph Flanagan of the International Brotherhood

of Stationary Firemen, held a conference with local cotton mill agents in an endeavor to bring about a settlement in the firemen's strike, which has been going on for the past three weeks. At the close of the conference Mr. Golden stated there was nothing to report excepting that little progress had been made, and that a notice, the nature of which was not disclosed, had been sent to the mill officials.

It is predicted in cotton mill circles that unless the demands of the firemen for a minimum wage of \$3 a day and an eight-hour day are granted, the textile workers of this city may declare a sympathy strike. A special meeting of the strikers will be held Wednesday evening at which time it is expected a reply will have been received from the mill officials. When asked if the mill operatives will declare a sympathetic strike, President Golden replied that it was too early to predict, and he could not say what later developments would bring about. He returned to New York last night.

BOY INJURED BY AUTO

Willie Rochette, aged 10 years and residing at 28 Race street, was struck and knocked down by an automobile at the corner of Race and Moody streets yesterday afternoon and received abrasions of the body and probably internal injuries. His condition is considered serious. The automobile that figured in the accident is owned and was being operated by Silas Skillin of South Portland, Me.

AMATEUR BASEBALL

Manager Casey of the Crescent Hill team requests the following players to meet at Hildreth and Sutherland streets at 7 o'clock this evening to discuss arrangements for a money game for Labor day: E. Desjardins, J. Manning, S. McElhannon, R. Wilcox, H. Garvey, P. Downing, R. Bagley, R. Desmaris, C. Merrill, Leo Roth and W. Pomfret.

The Lowell Gas Light team goes to Andover tonight to play the strong Tyre Rubber Co. team of that village in a twilight contest.

There is considerable public demand for the reappearance of the Hingham Naval baseball team in this city. The game scheduled for last Sunday and cut short by the rain gave promise of developing into one of the best contests of the year and the "goats" looked so good that arrangements are under way to match them against the Lamson team on the South common next Sunday afternoon. A possible inability to secure the common playground is the only drawback at present.

SECOND SERIES GAME

The second game of the series between the Knights of Columbus and R. & M. car shop teams will be staged at Spaulding park Saturday afternoon. A big crowd was out for the first game, which resulted in a 6 to 4 win for the Knights and a still larger out-pouring of fans is looked for this week. The teams are of sufficient parallel strength to put up a fine article of ball.

FOR DEVELOPMENT OF ATHLETIC PROGRAM

In an effort to place athletics on a year-round basis and to allow participation in all seasonal sports, the local Knights of Columbus council has called a special meeting for tomorrow evening with the view of creating interest in basketball and football, two sports classed as "majors." The success of the baseball team has led the athletic committee to believe the Lowell council, with its membership of more than 1200, should take a prominent place in local sport and it is further believed that the opportunities for competition this fall and winter with strong basketball and football teams from other parts of the state will be great.

With Ed. Cawley as a pillar of strength, it will be possible to form a powerful football team and the membership also includes a number of basketball workers of acknowledged worth. It is hoped that the attendance at tomorrow night's meeting will be large.

K. OF C. AND SOUTH ENDS TO HOOK UP

The respective managers of the K. of C. and South Ends meet tonight to make preliminary arrangements for a series of games between these two teams. That is as it should be, for neither pair of clubs in the city would be able to create so much interest in a set of contests. If Nixy Coughlin and Jim Boland come to terms, it is hoped that Spaulding park may be secured as the place to stage them. It is known that the games could not be staged on the South common with the necessary accommodations.

The Call-'em

We are in receipt of the Peace Souvenir booklet of the Brooklyn National League Baseball club and mailed about with its compliments. It has a catchy cover, well illuminated with groups of national flags of 22 countries, arranged about the Stars and Stripes, and the interior pages contain the Brooklyn club's honor roll of 26 names of players, statistics of the world war and articles on "The World War and the National Game" by Brooklyn newspaper writers. Photographs of the team cover four pages and a group picture of the club in playing togs, surrounded by four club officers covers two more pages. On the back cover is a colored map of Brooklyn, showing the casual visitor how he most easily may reach Ebbets Field. All very nice and printed with a commendable spirit of patriotism and appreciation.

How Do They Do It?

Big Bill James and Ray Caldwell win ball games just the minute they are turned loose by the Red Sox. Kid Gleason must have been tickled to death to see James pitch winning ball against the Senators last Friday and on Sunday Caldwell holds the Athletics to four hits and beats them, 1 to 1 in a Cleveland uniform. They both looked about as much like pitchers at Fenway park as a piece of broken bottle resembles the Kohinoor.

Think O'Dowd Pulled One

New York night critics are puzzled to doze out the reason for Mike O'Dowd's entrance into the ring against Jack Britton at a weight said to be 155 pounds when it only was necessary for him to scale 158 pounds. He weakened himself considerably, it is claimed, and probably weighed two or three pounds less than 155 on the afternoon of the fight, when the boxers got on the scales.

A SORE LEFT WHIP

The temporary collapse of George "Lefty" Tyler of this city and the Cubs has seriously hampered the Chicago team in its race for the flag. Tyler's pitching arm is sore and has not responded to constant treatment. He is not with the Cubs on their present trip to Boston and it is said that his manager does not anticipate using him again this year. He has been around

WILSON SCORES K. O. AGAINST AHEARN

BOSTON, Aug. 26.—After being on the verge of defeat in the second round, Johnny Wilson, in a game up-hill rally came back strongly and in the sixth round knocked out Young Ahearn, the dancing master, at the Fenway A.A. last night before the largest gathering that ever jammed its way into the riding academy. The battle was one of the most spirited between middleweights seen in a local ring and fairly bristled with speed and heavy hitting.

The only discordant note was sounded at the finish when Ahearn tried to claim foul. He had been sent to the mat in the round previous with a left hook to the wind and, while he was on the mat taking the count, set up on the cry that he was fouled. Referee Jimmy Gardner displayed excellent judgment and gave Ahearn every possible chance to redeem himself by not starting to count over him until satisfied the boxer was not fouled.

He continued to complain that he was hurt, but Gardner realizing that his claim was invalid began to count him out. Just before Gardner reached the fatal 10 Ahearn was on his feet and went after Wilson strong.

The way Ahearn fought back proved conclusively that Jake was not fouled, for no man could fight so strongly after being hit as Ahearn claimed. It was a wonderful bit of judgment on Gardner's part and the fans were quick to pay him tribute.

Wilson fought Ahearn's body consistently throughout the six rounds and some of the punches he scored plainly weakened the dancing master. Ahearn came up for the sixth round stronger than Wilson, who plainly was tired after the hard uphill struggle he had waged. Johnny scored with a couple of hard lefts and Jake looked appealingly toward his corner. The body punches were too much for Ahearn to weather, and when Wilson planted a solid left to the wind Jake took his second trip to the mat, where he lay until counted out.

Then his seconds took a hand in claiming foul, but it was not allowed. Two doctors were called into consul-

tation and both agreed with the referee that Ahearn was not fouled. Jimmy Gardner, after the fight, said that both punches Wilson scored were fair ones and, as he was in a better position than anyone else in the arena, he should know.

The bitter feeling that has existed since their first meeting at Lawrence plainly was evident as the men took the center of the ring. They agreed to fight the old-fashioned, protect tainly was a case where each man was forced to take extra good care of himself every second of the milking.

Ahearn gave a clever exhibition of footwork in the opening round that completely dazzled Wilson. In the second round Johnny walked into several hard punches a few that shook him up and had him in distress when the bell rang.

Wilson did better in the third and scored some heavy punches to Ahearn's back. The blows weakened Jake and he was not quite so frisky coming up for the fourth round. Johnny gradually grew stronger as the battle progressed and asserted his superiority in no slight manner in the fifth round.

The sixth frame had hardly gotten under way when Wilson shot in a left hook to the wind that dropped Ahearn for the final count. Then came the usual turmoil and attending trouble that follows in fights when doubtful finishes occur. Ahearn's handlers insisted their man to his corner and referee's verdict went in favor of Wilson.

WOMEN'S GOLF TOURNEY

DETROIT, Mich., Aug. 26.—The first round of championship match play in tournament today brought together Mrs. Melvin Jones, a former Chicago city champion, and Miss Frances R. Hadfield, the Milwaukee star, who was runner up to Miss Elaine Rosenthal at Indian Hill, last year. Mrs. Jones led the qualifiers yesterday with a score of 84. In the qualifying round Miss Hadfield turned in a card of 103.

10-MILE ROAD RACE

An athletic club recently formed in West Centralville plans to conduct a 10-mile handicap road race on September 1, open to local runners. Entries should be mailed to William Nail, 117 Hildreth street not later than September 3. Suitable prizes will be offered for the three place winners.

REGATTA HERE ON LABOR DAY

Much interest is being shown in the proposed regatta of the Lowell Motor Boat club to be held on the river Labor day morning and already the number of boats entered and their capabilities ensure the success of the races. A free-for-all over a six-mile course for the club cup is the first event of the day and other prizes will be awarded second and third place winners. Commodore James H. Walker is the present holder of the cup, which must be won three times to secure permanent possession.

James Mullin in his hydroplane will compete against the free-for-all winner. With the handicap that he will travel four miles while his opponent covers two. This committee in charge of the program includes W. S. Shaw, W. S. Adams, John Brooks, R. Moore and J. Rutledge.

LAKEVIEW PARK

You can't go wrong when you go to Lakeview for a bit of dancing. There you get the best music, purveyed by Miner-Doxie's masters of melody, jangling along with thebanjokings, and Barney Horgan, every day, afternoon and night.

SEEK SURVEY OF WOOD PULP

Indiana Senator Warns That
U. S. Paper Mills Fast Exhaust Forest Lands Here

Says Alaska and Northwest
Must be Tried, to Supplement Jailing Supply

WASHINGTON, Aug. 25.—The bill introduced last week in the senate by Sen. Watson, republican, of Indiana, on the subject of having the secretary of agriculture undertake a survey of the nation's pulp wood resources, is of interest not only to newspaper publishers but the readers of their papers as well, realizing that it is the press that makes the nation homogeneous. In introducing his resolution Sen. Watson gave some good information on the pulp wood timber supply, as follows:

"Two-thirds of the news print paper used by American newspapers," Senator Watson said, in introducing the resolution, "is imported or is manufactured from wood or pulp imported from Canada. One-third is made in the United States from wood grown in the United States. The former proportion is steadily increasing, the latter is steadily decreasing."

"Nearly all of the American news print manufacturing industry is located in the northeastern states—half of it in New York," the senator continued, "but in the Pacific northwest—Washington, Oregon and part of California—and the inland empire of northwestern Montana and northern Idaho, are great forests that have been no more than touched by the few pulp mills in that section of the country."

The senator told the senate that in Alaska are enormous areas of forests, the annual growth of which would supply pulp for half of the news print paper used in the United States, but no pulp mills are there.

Senator Watson warned that American newspapers are becoming more and more dependent upon foreign sources for the raw material from which news print paper is made, the raw material is being exhausted in the section where the domestic industry is concentrated and mills are moving from this country to Canada.

Senator Watson recommended that the forest service of the department of agriculture be encouraged in its work to prevent American newspapers from becoming totally dependent upon a foreign supply. To stimulate American production, he said, the following governmental policy should be carried out:

An immediate and adequate governmental survey of American resources in this field.

An immediate step to bring about the practice of forestry and the conservation of forests in the pulp producing regions, to the end that the annual inroads upon the forests will be lessened and eventually will be no more than equal to the annual growth development as soon as practicable of the industry in the northwest and in Alaska.

EMPLOYEES OF BON MARCHE ON VACATIONS

Employees of the Bon Marche Dry Goods Co. are enjoying vacations as follows:

Richard Rogers of the dress goods department is at Oak Bluffs.

Miss Alma Lequin of the dress goods department is camping at Tyngsboro.

Constipation Results When Hot Weather Stops Exercise

WHEN the system has become accustomed to a certain daily routine of exercise and food, health is quick to suffer if that routine is interfered with. The bowels are first to notice the change.

Different water is enough to constipate. Changes of food when traveling, much sitting by those accustomed to long walks will do it. It is especially true that when elderly people change their routine they quickly become constipated. Yet elderly people should be particularly careful to keep their bowels open, especially during the hot months.

A better remedy for the purpose cannot be found on a druggist's shelf than Dr. Caldwell's Syrup Pepsin. It is a

combination of simple laxative herbs with pepsin which trains the stomach muscles to do their work naturally so that medicines can be dispensed with. Only a small dose is needed, and unlike harsh physics and cathartics, it acts gently and without griping.

A bottle of Syrup Pepsin can be bought at any drug store for 50c and \$1, the latter the family size, or a free trial bottle will be sent on receipt of your address to Dr. W. B. Caldwell, 480 Washington St., Monticello, Ill.

Y. M. H. A. DELEGATES
FOR CONVENTION

The following delegates and alternates to represent the Lowell Y.M.H.A. at the New England convention, held this year at Providence, Oct. 10 to 13, were recently elected: A. S. Goldman, Louis Carp, William Levine and Archie Barlosky; alternates: Sigmund Rosier, Max Carp, Louis Kotzen and Louis Ratzkoff.

The convention will open Friday evening in one of the Providence synagogues, and the following day will be passed in welcoming the guests. An informal reception will be held Saturday night for delegates at the Narragansett hotel, the convention headquarters. Sunday morning the session will be formally opened in Elks hall, and in the evening a monster mass meeting is scheduled for the Albee theatre at which several prominent speakers will be heard. An auto trip will be the feature event for Monday, Columbus day, the final business being disposed of in the afternoon.

LOWELL MUSICIANS
BACK FROM OVERSEAS

A number of Lowell men who served overseas with the Sixth Engineers' band and who were formerly with the famous Sixth Regiment band of this city have returned to this country on the transport Manchuria which arrived in New York yesterday. Among them are Lieut. Z. I. Bissanette, Wilfred Boulger, William Looney, Charles Sturtevant and William Griffiths.

VICTIMS RESCUED

Kidney, liver, bladder and uric acid troubles are most dangerous because of their insidious attacks. Heed the first warning they give that they need attention by taking

GOLD MEDAL

HAARLEM OIL

CAPSULES

The world's standard remedy for these disorders, will often ward off these diseases and strengthen the body against further attacks. Three sizes, all druggists. Look for the name Gold Medal on every box and accept no imitation.

Cold relief

A common cause of many colds is the sudden checking of the unconscious perspiration by exposure to a change of temperature. Colds whether taking the form of Coryza with sneezing, running nose, and perhaps sore throat, or with chilly and feverish symptoms, should never be neglected in the earliest stages. Serious illness often results from such neglect.

It is well to get early to bed, to get the body well warmed, and most important to have the bowels move freely. There is no safer or better remedy to use at the beginning of a cold than "L. F." Atwood's Medicine. Two to four teaspoonfuls will quickly relieve congested conditions, drive out impurities from the system and ward off further trouble. Always keep a bottle in the house. Any dealer will supply you for fifty cents. If you have never used it, write today for a free sample to the "L. F." Medicine Co., Portland, Maine.

OVER HALF A MILLION

Expenses of Constitutional Convention Now Total \$594,284

(Special to The Sun)

STATE HOUSE, Boston, Aug. 26.—Estimates that the constitutional convention would cost more than half a million dollars are more than borne out by the official figures of expense, obtained today from the office of the auditor of the commonwealth.

Bills thus far presented, and it is believed that practically all are in, show that payments totalling \$594,284.46 have been paid out of the public treasury.

Of this total the greatest amount was contracted for and paid during the year 1917, the first year of the convention. Bills of that year totalled \$485,605.29. For 1918, the total was \$229,056.34, and for the current year it was \$19,722.83.

As was to be expected, the compensation paid to members proved the largest single item of expenditure, a total of \$410,172.21 having been expended under this head. It is interesting to note that while several members urged that no additional compensation should be paid for this year's service, no member of the convention has as yet returned the check for \$50 which was sent to him for the two days he put in on Beacon Hill early this month.

The next largest item was for traveling expenses of the members, this amounting in the three years to \$51,461.30. Other items include the following: Commission to compile information for the convention, \$9,957.57; publication of information, \$6,823.67; expenses in connection with submitting amendment to the people, \$5,922.53; printing of ballots, \$14,886.55; telephone service, \$3,533.72; printing, stationery, etc., \$24,151.27; special services of members of sergeant-at-arms department, \$35,533.35; other special services, \$31,493.16; total, \$594,284.46.

HOTT.

HAWTHORNE PAGEANT

Miss Alice Keith, director of Community Service club dramatics in New England, will direct the rehearsal of the Hawthorne pageant which will be held by the girls' department of the club in Runnels building this evening. Miss Keith has had a long experience with affairs of this kind, and all members of the cast are asked to be present to take advantage of Miss Keith's suggestions. It is planned to hold the pageant early in September, and every indication points to the production being most successful.

S.S. LAKE MARY SAFE

BOSTON, Aug. 26.—An "S.O.S." from the steamer Lake Mary was picked up by the navy yard wireless station at 11 o'clock this morning, saying the vessel was on a 14-foot rock off End Man Point, Rockport, Me. Eighteen minutes later another message came saying the vessel was safe.

CONGRATULATIONS

Lowell Pastor Wears Croix de Guerre

It is expected that on his return to Lowell, his home city, the Rev. Edward C. Ramette, pastor of the French Baptist church here, will receive many congratulations from his parishioners and friends in general for having received the Croix de Guerre which was presented him yesterday by General Edwards in behalf of the French government at Boston headquarters of the northeastern department in the presence of Gen. Edwards' staff.

The noted decoration is awarded for coolness and bravery in rescuing and feeding wounded under fire at Courville, near the Marne. The Lowell pastor is said to have done wonderful work among the French refugees during two years overseas and has in fact been asked to return to France and aid in reconstruction work at Rheims.

RESCUED FROM DROWNING

Hopelessly entangled in sea weed, and so exhausted that she was unable to keep her head above the waves, 12-year-old Christine Gordon of Hampton Falls, N. H., was rescued from drowning at Hampton beach recently by Walter P. Clement, 2 Harding street, who swam out to her and succeeded in bringing her safely ashore.

LIST OF PROMOTIONS IN CONSULAR SERVICE

WASHINGTON, D. C., Aug. 26.—A number of New England men are included in a list of promotions in the consular service just sent to the senate. They are: Frederick M. Ryder of Connecticut, from consul general class five to consul general class one.

W. Stanley Hollis of Massachusetts from consul general class five to consul of class three.

Clarence E. Gauss, of Connecticut; Charles M. Freeman of New Hampshire; Homer H. Byington, of Connecticut, from consuls of class six to consuls of class five.

Arthur C. Frost of Massachusetts and George C. Hanson of Connecticut, from consuls of class seven to consuls of class six.

Richard L. Sprague of Massachusetts; Max D. Kirjassoff, of Connecticut; Albro L. Burnell, of Maine; Horace Remillard, of Massachusetts; Edgar E. Carleton, of Vermont; Richard P. Tenney, of Massachusetts; Hugh H. Watson of Vermont; Paul H. Cram of Maine and Irving L. Linnell, of Massachusetts, from consuls of class eight to be consuls of class six.

Luther K. Zabriskie, of Connecticut, from consul of class eight to be consul of class seven.

Read Paige Clark of Londonderry, N. H., to be consul of class seven.

RICHARDS.

During 1917 there were made in the United States 34,873,626 pounds of snuff.

On November 28, 1814, the London Times introduced the steam printing-press to the industrial world.

LEGAL NOTICES

Commonwealth of Massachusetts.—Middlesex ss. Probate Court.

To the heirs-at-law, next of kin, creditors, and all other persons interested in the estate of Hannah Wood, late of Lowell, in said County, deceased, in testate.

Whereas, a petition has been presented to said Court to grant a letter of administration on the estate of said deceased to Millicent C. Humphries of Lowell, in the County of Middlesex, without giving a surety on her bond.

You are hereby cited to appear at a Probate Court to be held at Cambridge, in said County of Middlesex, on the twelfth day of September, A. D. 1919, at nine o'clock in the forenoon, to show cause if any you have why the same should not be granted.

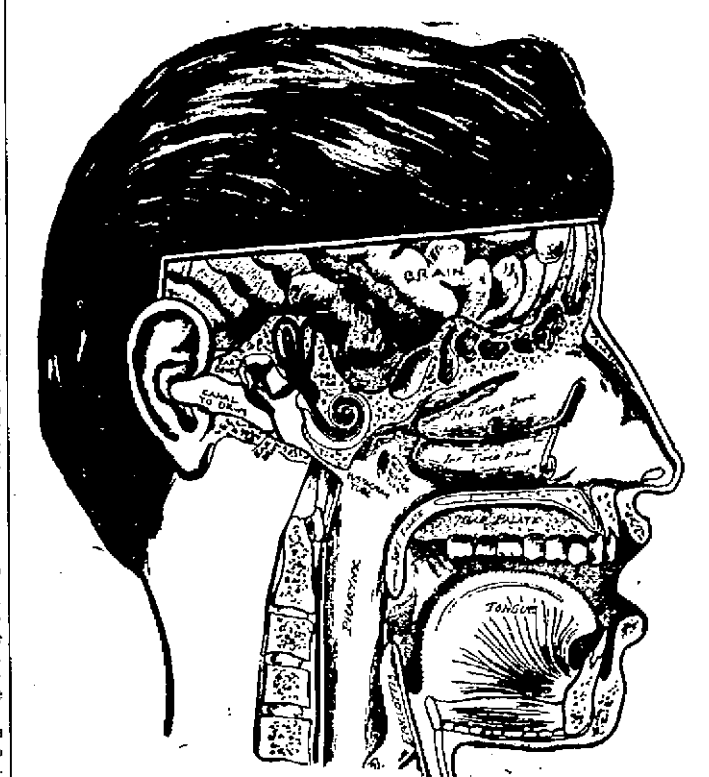

And the petitioner is hereby directed to give public notice thereof, by publishing this citation once in each week for three successive weeks, in The Lowell Sun, a newspaper published in Lowell, the last publication to be one day at least before said Court.

Witness, Charles J. McIntire, Esq., First Judge of said Court, this twenty-fifth day of August, in the year one thousand nine hundred and nineteen.

P. N. ESTY, Register.

IS YOUR TROUBLE IN YOUR HEAD?

THE "DISEASES THAT KILL" OFTEN START AS TROUBLE IN THE HEAD OR THROAT

X-Ray drawing of the inside of the head and throat. These parts are usually first attacked by Catarrh. Catarrh causes colds and colds lead to many of the "DISEASES THAT KILL."

WHY IT IS RISKY NOSTRILS CLOGGED FOR YEARS

To Have Clogged Nostrils

The inside of the lower part of your head is hollow and holds the things you think with, taste with, smell with, talk with and act with.

If you think right, see right, hear right, smell right, taste right, talk right, and act right, you will amount to something. The only difference between the employer and his hired help is the difference between the working of their thinking and acting machinery.

If your nostrils are clogged the air does not circulate through your head as it should and the result is your brain is not cooled. A hot brain will not work right. With such a brain you do not rest well at night, but get up tired and sleepy and stupid. You cannot collect your thoughts, cannot concentrate your mind on your work. The discomfort and misery of clogged nostrils are great. When your nostrils are stopped up you must keep your mouth open to get enough air. Breathing with the mouth often changes the expression of the face. Those with clogged nostrils soon develop a dull, stupid look in the face.

Catarrh sufferers often have a feeling of heaviness or deep, dull pain across the forehead and in the temples. This feeling is not only annoying, but may be so severe as to prevent the proper action of the brain.

In most cases of clogged nostrils there is considerable discharge poured out. This discharge may be watery and thin or it may be tough and sticky fast to the nostrils, or it may drop back to the throat and stick to the back of the throat.

In others with catarrh the discharge dries up in the nostrils and forms yellowish or brown crusts and scales. This dried discharge cannot be expelled by blowing the nose, but remains in the nostrils and may clog them tight. Tough discharges drying in the nostrils collect all sorts of germs that may be in the air. The germs cause the discharge to decay. This gives the breath a bad odor.

In many cases clogged nostrils bring on asthma. In others they cause pain in various parts of the head. In others it causes dizzy spells. In still others it causes head noises, deafness or discharging ears.

PITTSBURGH'S MAYOR CALLS 1000

PITTSBURGH, Aug. 26.—A call for 1000 emergency policemen to aid the regular police force in handling the trolley situation here, was issued this morning by Mayor E. Y. Babcock. This action followed a conference last night between city officials who considered methods to prevent a recurrence of rioting yesterday when the receivers of the Pittsburgh Street Railway Co., attempted to break the strike of 3000 motormen and conductors which has tied up trolley transportation for 12 days.

The emergency force will be used, it was stated, in the capacity of regular policemen, while the latter will be put on guard in the street cars if it is deemed advisable to run them.

More than a score of persons were more or less seriously injured yesterday in riots when an attempt was made to run cars through the downtown districts of the city, and 13 were arrested. Seven of those injured were struck by stray bullets when a truck crowded with men dashed through the streets firing as they went. Seven other persons were trampled in a panic as mounted police charged rioters in Fifth avenue in the business district when a trolley car was stoned.

RIOTS AT CHARLOTTE, N. C.

CHARLOTTE, N. C., Aug. 26.—State troops and deputies patrolled the principal streets of this city today in an effort to prevent a renewal of rioting in connection with the street car strike here which resulted last night in the death of four men and the injury of 13 others. Additional troops have been ordered to Charlotte and should arrive during the day.

Strong guards have been thrown around the car barns of the Southern Public Utilities Co., where the rioting last night took place. The city hall also was guarded by soldiers.

No effort was made to operate street cars today. The service had been abandoned for two weeks and last night's rioting followed efforts to operate cars on some of the more important routes.

SOUTHERN CALIFORNIA PARALYZED

LOS ANGELES, Cal., Aug. 26.—Rail transportation throughout Southern California as far as Fresno on the north and as far east as Yuma, Ariz., was paralyzed today. A strike which began Thursday night, when switchmen and brakemen quit their posts in sympathy with a strike of trainmen of the Pacific Electric Co., operating an interurban system and which rapidly extended to include other trainmen, yardmen and shopmen, spread last night northward to Bakersfield, Cal., and eastward to Yuma.

All striking railroad men here will ignore instructions of their national chiefs that they return to work and will continue their strike, according to a decision reached today after an all night meeting.

The men based their action on a phrase of the orders to return to work which said they need not submit themselves to danger of mob violence. They said to return at present would be dangerous in that respect.

HORNELL, N. Y., HAS 5 MINUTE SNOW STORM

HORNELL, N. Y., Aug. 26.—Although the sun was shining brightly Hornell was treated to the odd sight of a snow storm in August this morning. Light snow fell for five minutes, melting as rapidly as it struck the ground. It is the earliest snow fall ever recorded in this section.

Mexican Chief Aids Search for Men Missing Week

SAN DIEGO, Cal., Aug. 26.—Still without news of Lieuts. Frederick Waterhouse and C. H. Connelly, army aviators who have been missing since last Wednesday, aviation officers here today broadened the scope of their search for them in Lower California, Mexico.

Arrangements were made for a conference with Gov. Esteban Cantu of Lower California regarding co-operation between Mexican and American searching parties. Gov. Cantu offered the services of his forces to aid in the search. Aviation officials hoped today for better weather. A heavy rain storm prevented four planes from

OHIO EXPERT IS OPTIMISTIC ON FLU

CINCINNATI, Ohio, Aug. 26.—Reurrence of influenza in epidemic form this fall is unlikely, said Health Officer William H. Peters of Cincinnati yesterday, taking issue with Dr. Royal S. Copeland, New York health commissioner. The state and nation have been "prettily well immunized by the disease last fall and winter," said Dr. Peters. Epidemics of such character as a rule do not strike twice in the

Shopmen Ignore Wilson; Take Strike Vote

Municipal Council Provides \$10,000 for Commissioner Murphy to Resume Sewer Work

HOUSING CORP. TO SEND \$6000

Council Notified Government
Ready to Settle—Money
Comes at Good Time

\$5000 of it and Like Sum to
be Borrowed Will go to
Sewer Dept.

Men Who Were Laid off Will
Return to Work—School
Board Needs More Money

As the result of the vote of the municipal council at its special meeting this morning to borrow \$5000 for sewer construction and the receipt of a communication from President L. K. Sherman, of the United States Housing corporation that that corporation was about to forward a check for \$5000 to the city of Lowell for work done last fall, \$5000 of which will go to the sewer department, Commissioner Dennis A. Murphy, of the streets and highways department will be able to put back to work a majority of the sewer employees who were laid off a week ago owing to lack of funds.

The housing corporation will send the city a check for \$6127.35 as soon as it receives a signed agreement and release from the local authorities. The release was enclosed with the communication and Mayor Perry D. Thompson was authorized at today's meeting to act on behalf of the city in having it signed. When the money is received the sewer department will get \$5083.35 and the water department \$1044.25.

Chairman Richard Brabrook Walsh of the school committee appeared before the council and requested that definite action be taken on the request of the committee for an additional appropriation of \$25,000. He said that if the money were not forthcoming the department would either have to defer the payment of any bills contracted after next month until 1920, or else defer payment of December salaries until next year. Mayor Thompson said that the former would be the better proposition if necessary and asked that the matter go over until the council meeting a week from today.

Contracts for the construction of the Morey school addition, involving a total of \$182,864, were formally approved by the council.

Meeting in Detail

The meeting was called at 10.10. Commissioner Marchand was absent but came in later.

An invitation was received from the committee in charge of the celebration to French-speaking soldiers and sailors on Labor day, through Arthur H. Gloux, its secretary, asking the members of the council to review the parade from the steps of city hall and to attend a banquet to be held immediately after the parade. The invitation was accepted and the clerk instructed to extend the thanks of the council to the committee.

The report of the license commission for the period ending May 31, 1919, including the number of licenses granted and the amount of fees, was ordered placed on file.

William D. Hart was appointed a weigher of hay and other articles for the Walter Coburn Co.

The petitions of Larkin T. Trull for garage and gasoline in Fairmount street and Edwin E. Smith Co. for garage and gasoline in Market street were held for hearing Sept. 16.

The petition of Charles P. Witham that Fairgrove street be accepted and sidewalks laid, was referred to Commissioner Murphy.

The petition of the Lowell Electric

Reject Wilson's 4 Cent Award Shopmen Take Strike Vote Soon

WASHINGTON, Aug. 26.—The committee of 100 representing the railroad shopmen informed Director General Hines today that they could not accept as a basis of settlement of their demands, the rates submitted to them yesterday by President Wilson. Results of the negotiations here were communicated to the union locals throughout the country with instructions that a strike vote should be taken immediately to determine whether the president's proposals should be accepted. Pending the issuance of an official strike vote, the international officers urgently requested that all men should remain on the job.

Director General Hines, according to a letter sent to the locals, told the committee that the proposition as presented by the president was final and that there would be no wage increases granted to any other class of railroad employees, as a class, but in the event of unjust inequalities, as between individuals, adjustments involving increases to equalize rates of pay would be made where justified. The committee thereupon informed the locals that the director general had been advised that his proposition could not be accepted as a basis of settlement by them.

A statement sent to all shopmen's unions by the committee of 100, following the reply from Hines, shows that this committee will not take responsibility for ordering a strike but instead advises that a strike must be authorized by a majority vote of the shopmen themselves.

The committee thereupon informed the locals that the director general had been advised that his proposition could not be accepted as a basis of settlement by them.

CARMEN VOTE TO REJECT AWARD

Employees All Over System
Vote Overwhelmingly to
Turn Down 12 p. c. Raise

Favor Strike if no Agreement
Reached Within a Reason-
able Time

BOSTON, Aug. 26.—The carmen of the Eastern Massachusetts Street railway, formerly the Bay State system, voted overwhelmingly to reject the recent wage award by the National War Labor board, and in favor of a strike if no agreement can be reached in a "reasonable time" according to an announcement today of the results of ballots taken at meetings last night.

The men voted 2845 to 317 not to accept the award. They declared by 2852 to 247 in favor of submitting the question of wages to a new arbitration board, and by 2777 to 264 to place the question of the validity of the award with three lawyers for decision. The vote to suspend work if agreement is not reached in a "reasonable time" was 2746 to 313. The question when the strike shall go into effect, was left to the subcommittee of five of the joint conference board by a vote of 1932 to 1044.

International President W. D. Mahon, in a letter to officials of the union, advised that they continue at their work under protest, and urged that they "point out to the men that the honor and integrity of our association is at stake," adding that "if they strike the association will be compelled to suspend them as it did the Pittsburgh locals."

That the threatened strike of the employees of the Eastern Massachusetts Railway Co., which was unofficially set for tomorrow in the event of the employees voting down the recent award of the war board on increase of pay, will not take place, was the opinion expressed today in local street railway circles, despite the fact that it is believed that the results of the vote taken by the employees on the Bay State system yesterday was overwhelmingly favorable for a walk-out immediately and the rejection of the award of the board. The local ballot showed the men against accepting the award by a large majority.

This opinion is based on the message received yesterday from William D. Mahon, president of the International Carmen's union, notifying the Massachusetts carmen that any strike declaration by them would not be sanctioned by the head organization of

UNCLE SAM IN HIS OWN SHOPS

Federal Government Starts
Retail Food Store Chain in
Big Cities Sept. 25

Eatables Sold Over Counter
and by Mail Intended to Aid
Oppression of H. C. L.

WASHINGTON, Aug. 26.—Retail
stores for the sale of household com-
modities included in the surplus
stocks of the war department will be
established Sept. 25, it was announced
today. The stores will be located in
department centers and other large cities
and they will accept and fill mail
orders.

Prices on all commodities offered
for sale will be so fixed as to prevent
discrimination between the purchasers
who buy over the counter and those
who purchase through the mail. All
mail orders will be forwarded by
parcel post, but the policy of making
these sales through the post office de-
partment is to be discontinued.

All such orders will go directly to
the stores. To expedite the mail order
sales, the postoffice department has
been asked to establish sub-stations in
each store. Catalogues quoting prices
and giving the location of all stores,
are being prepared and will be avail-
able at every postoffice in the United
States.

The present plan is to open stores in
the 14 zone supply cities: Boston, New
York, Philadelphia, Baltimore, Atlan-
ta, Jeffersonville, Chicago, St. Louis,
New Orleans, San Antonio, Omaha, El
Paso, San Francisco and Washington.
The chain will be extended to addi-
tional cities as rapidly as possible.

Continued purchase by the depart-
ment of certain necessities so that
these stores may be continued indefi-
nitely as a part of the government
campaign against the high cost of liv-
ing is understood to be under consid-
eration.

Nearly half of the peppermint oil
used in the world is produced in St.
Joseph county, Mich.

FLY TO THIS CITY FROM LAWRENCE

The big feature of the visit of two
seaplanes to Lowell this afternoon
and their subsequent landing on the
Merrimack river just above the Paw-
tucket dam was not the flight itself,
but the pell-mell, head-long growth
of several hundred children and grown-
ups to cover the distance between
Merrimack street and the falls in noth-
ing flat. It was a wild race and slow
moving pedestrians never had a chance
before this human avalanche of ex-
pectant sight-seers.

But if the sidewalks were turned
into cinder paths, the street pavements
were racing ovals. The Grand Prix
paled in comparison to the honking
array of automobiles which fought for
the pole in the thrilling race to the
landing grounds. No big configura-
tion, accident or circus parade has
caused such a spontaneous outpour-
ing of children and they legged it for
the river as if their very lives de-
pended upon getting somewhere in the
least possible time.

The flight itself was a distinct nov-
elty to thousands of the city people,
who were drawn from house, shops
and stores as the big bombers sailed
overhead. The rear of the 12-cyl-
inder Liberty motor was first heard
over the down town section at 2.10
o'clock. The pilots drove their ships
in wide circles over the city three
times and as the clouds were hanging
low, few at an altitude of about 600
feet. Their wide, gray wings shone
like clusters of brilliant as the sun
occasionally flashed on the canvas and
the entire exhibition was perfect.

The landings in the river were made
before a crowd of several thousand,
which lined the bridge and swarmed
over the bunks above the Pawtucket
boathouse. The first ship touched its
potholes in the water at just 2.15,
while the other followed four minutes
later. Each came into the landing
area on a fairly flat glide and settled
upon the calm surface with an abso-
lute lack of unnecessary splashing.
They rode the water like huge pel-
icans and obediently allowed them-
selves to be nosed in close to the shore
where they took on gasoline.

The planes flew here from Lawrence
and will remain over tomorrow in
the interests of recruiting for the naval
air service. Pamphlets, depicting the
advantages and possibilities of this
branch of service were dropped over
the city and more will flutter down to-
morrow. Their home base is at Chat-
ham, on the south shore and they have
been working up the Merrimack river
for the past two weeks, giving demon-
strations at Newburyport, Haverhill
and Lawrence.

The planes are of the HS-1 type
with a wing spread of 73 feet. They
house 12-cylinder Liberty motors,
capable of developing 400 horse power
and giving a maximum speed of
about 80 miles an hour. The pilots
of the "buses" are Lieut. Frank L.
Burk, flight commander; Lieut. A. W.
Hudson and Ensign John E. Flood.
The mechanics are Chief Mechanic's
Mates Edward R. Faxon, in charge
of recruiting; Percy Ford, C. Milford
and G. C. Farrus. Others included in
the personnel are Chief Quartermas-
ters Allen Donnelly and William
Donnelly.

The machines will be housed on the
river bank near the Lowell Motor
Boat club tonight, but will be nosed

TAKE ICE CARS, U. S. BOARD SAYS

WASHINGTON, Aug. 26.—Declaring that the step is necessary to control the business of the five largest packing companies, the federal trade commission in a special report to President Wilson recommends that operation of refrigerator cars and of cars used for transportation of meat animals be declared a government monopoly. It recommends further that the property concerned, including loading stations and other facilities as well as the cars, be acquired by the government and railroads thereafter be licensed to own and operate them. The big packers, the report says, now own 90 per cent. of all the refrigerator equipment in the country suitable for the transport of fresh meat.

"The present country-wide system of distribution by the five big packers has grown up from their control of refrigerator car lines in conjunction with various pools," the report says in part.

PRINCE OF WALES VISITS SICK
TORONTO, Ont., Aug. 26.—The Prince of Wales and his party spent this morning visiting hospitals where returned soldiers are being treated. St. Andrew's hospital, the Dominion Orthopedic and the Toronto general were among the institutions visited.

REPRESENTATIVE CANDIDATES
Through an unintentional oversight, the names of John J. Quenau and John F. Leavitt were omitted from the list of candidates which appeared in Saturday's editions. Messrs. Quenau and Leavitt are candidates for representative in the 14th representative district, embracing Wards 1, 2 and 3.

NO JUNIOR R. O. T. C. HERE

But Changes Will be Made in Physical Education and Military Drill

Although no Junior R. O. T. C. will be installed at the local high school this fall, some changes will be made in the schedule of physical education and military drill. It is now planned to eliminate first year boys from drill and in its stead give a course of calisthenics. Sophomore and junior boys will find military drill compulsory, but it will be so arranged as to make the third year courses different from the second. In this manner it is believed more interest will be aroused.

In the past a boy was obliged to drill for three years, senior year being optional, and at the end of the third year a student became so fed up on military movements that it was found impossible to maintain interest to a pitch desired.

Before the close of school for the summer vacation Principal Dixby applied for permission from the government to install a Junior R. O. T. C. at the high school in place of the prevailing system, but shortly after making application was instructed that the development of these junior schools had been abandoned for the time being, at least. As he has heard no further word, the plan has been dropped and the changes in the present system will be made as herein mentioned.

HAMPTON BEACH CARNIVAL
HAMPTON BEACH, Aug. 26.—The Hampton beach board of trade is making great preparations for its Fifth Annual carnival, which is to be held September 1st to 7th, inclusive. The carnival this year is called "The Victory Carnival," and each day will be named in honor of one of the victorious allied nations.

Another great feature of the "Victory Carnival" will be the boulevard decoration effects. The committee is making arrangements for the elaborate decoration of the boulevard from the Ashworth hotel as far as the south end of the Casino.

Another feature of the "1915 Victory Carnival" will be the wonderfully thrilling "Battle in the Sky."

CARD OF THANKS
The undersigned wish to express their sincere thanks to their relatives and friends who in their words and acts of kindness and their floral tributes and spiritual bouquets helped to lighten our sorrow in the recent bereavement of our beloved father and brother-in-law.

THE DOWD AND KENNEY FAMILIES

ITALIANS ARE GREETED

Parade With Escort Through Boston Streets Amid Cheers and Flags

BOSTON, Aug. 26.—The city's formal welcome to Rear Admiral Hugo Contz, of the Italian navy and the officers and enlisted men of his flagship, the dreadnought Conte di Cavour, was given today. An escort of sailors and marines from the U. S. S. Utah and the North End company of the State Guard, with General J. J. Sullivan as chief marshal, escorted 40 officers and 250 marines and sailors from the Italian ship to the common where the exercises were held. Later Acting Mayor Ford gave a luncheon for the officers while the enlisted men and their American escort were entertained at a Back Bay hotel.

BOSTON, Aug. 26.—Admiral Contz, in expressing his appreciation of the welcome extended the Conte di Cavour and its crew, told Acting Mayor Ford that he had only one cause for concern in connection with his visit to the United States—prohibition. The daily rations of the dreadnought's crew include a small quantity of light wine, he said, and with the probability of a cruise along the Atlantic coast, he faced the prospect of exhausting the ship's wine stores. To the admiral's inquiry whether it might be possible to arrange to replenish his stock, the acting mayor suggested that as "medical supplies" the wine might be obtained, but they agreed that was out of the question when Admiral Contz said he would need about 30,000 litres, or nearly 8000 gallons of wine.

LAWRENCE GIRL TO BE FRENCH SECRETARY

LAWRENCE, Aug. 26.—Miss Imelda Pellerin, daughter of Mr. and Mrs. Judger Pellerin of 358 Market street, has been selected to accompany Major Louis Dubreuil, assistant military attaché of the French embassy at Washington, on a special mission to France in the capacity of secretary. The mission will sail from New York today.

Miss Pellerin graduated from the local high school with the class of 1917. Previously she attended the Sacred Heart Parochial school. In February, 1918, she went to Washington as secretary to the liaison officer at the Military Intelligence bureau, and last July was transferred to the French embassy.

PERSHING AND WOOD CALLED "JOKES"

WASHINGTON, Aug. 26.—Most general officers of the army lack experience in handling men and their views on military justice should not be accepted merely because they are of high rank, a senate military subcommittee was told today by Samuel T. Ansell, formerly acting judge, advocate general of the army. The committee is considering the Chamberlain bill for revision of the military justice system.

"It is well known fact," said Mr. Ansell, "that the weakest grade in the army is the general officer. Many of our generals are jokes to everybody in the world, except themselves, and themselves."

Few general officers, the witness said, ever commanded more than a company of troops before the war, and as army post and departmental commanders they were swamped in "red tape" of administrative routine. In the Spanish war, he continued, Major General Leonard Wood was only a regimental commander, while Gen. Pershing's Philippine experience was the "bushwacking of guerrilla warfare."

U. S. TROOPS MUST GO TO POLICE SILESIA

WASHINGTON, Aug. 26.—The Fifth Infantry regiment at Camp Taylor, Ky., and the 50th at Camp Dix, New Jersey, have been ordered to prepare to go overseas to aid in the policing of Silesia, during the plebiscite provided for under the peace treaty, it was said today at the war department. Neither unit has had foreign service.

MARSEILLES TIED UP

PARIS, Aug. 26.—(Havas)—Work in the port of Marseilles has been almost completely suspended because of the strike of dockworkers, according to advices received from that city.

German Coal Famine

PARIS, Monday, Aug. 25.—(By the Associated Press)—The coal shortage

INJUNCTION PETITION

Hearing on Case of Spaulding Co. vs. Shoe Workers' Union

Justice Lawton presided over the hearing held this morning at the equity session of the superior court in Boston in the case of the L. H. Spaulding Shoe Co. of this city vs. the members of the Allied Shoe Workers' union, injunction proceedings brought by the company to have the members of the union, who are out on strike, restrained from interfering with the business and help of the company. After both sides had been heard counsel for both parties signed an agreement by which the shoe workers agreed to stop committing acts complained of under the bill until further orders from the court.

The agreement was signed by E. J. Tierney, counsel for the company, and Joseph P. Donahue, who represented the shoe workers. The court ratified it and announced that G. A. A. Pevey, a Cambridge lawyer, would act as master in the case to hear the pleadings. An effort will be made to have the cases of the Federal Shoe Co. and the L. H. Spaulding Shoe Co. heard together.

WOMAN FINED \$12

Hit Boy on Head With Piece of Coal

It cost Anna Wazick \$12 in police court today because she heaved a piece of coal out of her window yesterday afternoon, said piece landing squarely on the head of little Lionel Cornslier, who with several of his companions was playing outside the Wazick home. Anna's only defense was

The Hop Aroma of

Schlitz

FAMO

Excites the organs of taste and smell

These sensations, in turn, cause the flow of gastric juices, thereby producing an appetite.

Which illustrates the degree to which science has played her part in producing Schlitz Famo as a worth-while cereal beverage.

Besides inducing appetite, Schlitz Famo supplies the body with every compound that Nature utilizes to repair tissue, develop muscle and restore energy.

Schlitz Famo is drink and food. Good and good for you. It is non-intoxicating.

On sale wherever soft drinks are sold. Order a case from

Why Didn't I Reduce Long Ago

We guarantee—\$100.00 cash—that if you weigh too much you can reduce your weight and figure satisfactorily or it will cost you absolutely nothing to follow our famous KOREIN SYSTEM, which includes the taking of Oil of Korein and the following of a few easy, simple directions. No starving (eat sweets if you like), no strenuous exercising. Oil of Korein is a vegetable oil, contains no thyroid, no purgatives or other drastic ingredients.

Become Slender Easily

If you remain overweight you are shortening your life; you never had for people at an old age. Reduce your weight, improve your health, lengthen your life. Obtain Oil of Korein, follow the simple, easy directions; become slender gradually. The fatness in your face and neck will disappear; your eyes will become brighter; your figure will be what Nature intended. Become supple, alert, graceful. Your brain will serve you better, no more "fuzzed" dullness; become mentally active and efficient. For MEN and WOMEN.

Wonderful results reported by users of Oil of Korein who follow our easy system. Reduction 10 to 60 or more pounds guaranteed; or no cost to you. This means you may reduce whatever you need.

Oil of Korein

The Gentle Way to Reduce

Oil of Korein (in capsules) is sold in busy drug stores, including:

P. N. Brunelle, 33 E. Merrimack St.; H. Butler & Co., Frank J. Campbell, Carter & Sherburne Co., A. W. Down, Houtler & Delisle, Chas. O. Wilson; and others in Lowell.

Also by druggists in all parts of America. If you prefer, you may buy a box of us, which will come to you by mail (in plain wrapper), postpaid; you to pay when it comes. Or write for FREE BOOK, entitled "Reduce Weight Happily," to Koroin Company; address as below:

KOROIN COMPANY, NA 1193, Station F, NEW YORK CITY

LAWRENCE SLOW

IN TAKING BUSESSES

LAWRENCE, Aug. 26.—After a hearing yesterday the city council voted to lay on the table for 30 days the petition of the Metropolitan Boston Motor Transportation company for license to operate 20 motor busses here. Meantime a committee of citizens named by President Richard Ward of the chamber of commerce will confer with Homer Loring, one of the Eastern Massachusetts trustees, relative to the future of the road.

In the interim, too, the city council will map out routes which the new company will have to operate on if it is granted license. Many business men, bankers, merchants and manufacturers object to the motor busses coming here.

This Is Worth Reading

Thousands have been relieved of indigestion, stomach and liver disorders by SEVEN BARKS; the following extracts from testimonials voluntarily given, prove our assertion.

"For the past 20 years SEVEN BARKS has saved me many a doctor bill. Have found it a most excellent remedy for indigestion and kidney troubles."—L. A. Ames, Prospect, Maine.

"For seven years I was troubled with stomach trouble and rheumatism, you get no relief. SEVEN BARKS helped me wonderfully, and I will never be without it. In fact, it is a doctor itself. Since using SEVEN BARKS I eat well, sleep well, and feel like a new person."—Mrs. Mary E. Sturges, Shelden Springs, Vt.

"I have used SEVEN BARKS and it cured me of a very bad case of Constipation and indigestion. I was all run down, had no strength, could hardly go out doors, etc.; your SEVEN BARKS did me more good than anything I ever tried. It's a good standby and I can heartily recommend it."—Edward Upham, Lynn, Mass.

What SEVEN BARKS has done for others, it will do for you. For sale by druggists. 50 cents per bottle. Don't neglect to try it.—Adv.

DEATHS

SIMPSON—Albion T. Simpson died yesterday at the home of his son, 260 Walker street. Deceased was a former resident of Lowell.

KELLEY—Lawrence F. Kelley, a well known resident of St. Patrick's parish, died last night at his home, 330 Mt. Washington street, aged 70 years. He had been a resident of Lowell for 65 years. He is survived by a son, Capt. Frank L. Kelley of Detroit, Mich., and two daughters, Mary F. and Margaret E., and one sister, Mrs. Margaret Hayes.

FRAPPIER—Helen M. Frappier, infant daughter of Wilfred and Helen (Casey) Frappier, died yesterday at the home of her parents, 17 Batchelder place, aged 3 months and 5 days.

CLOUGH—Mrs. Mary J. Clough died yesterday afternoon at her home, 280 Varnum avenue, aged 85 years. She leaves her husband, Henry J. Clough; one daughter, Mrs. Emma Newcomb of Lowell; one son, Warren H. Clough of Providence, R. I.; one sister, Mrs. Sophia Reed of Methuen; also four grandchildren. She was an attendant of the Packer Congregational church.

HORAN—Died in Charlestown, Aug. 24, John H. Horan, beloved husband of Catherine M. Horan (nee Dunn). Funeral from his late residence, 52 Mt. Vernon street, Thursday, Aug. 28, at 8.30. Solemn requiem high mass at St. Mary's church, Warren street, at 9 o'clock. Relatives and friends kindly invited. Interment at Lowell. Auto cortege.

LEDoux—Rita, aged 5 months and 22 days, infant daughter of Morrell and Rosa Ledoux, died today at the home of her parents, 35 Clark st.

FUNERALS

CLEMENT—The funeral services of Mrs. Angella H. Clement were held yesterday afternoon at her home, 255 Foster street, and were largely attended. Rev. Herbert E. Benton, pastor of the Grace Universalist church, officiated. Appropriate selections were sung by Mrs. Winifred L. Symonds and Mrs. Nettie Roberts. There were many beautiful floral tributes. The bearers were Horace Clement, M. E. Clement, George W. and Clifford H. Lamh. Burial took place in the family lot in West-lawn cemetery, where the committal

services were read by Rev. Mr. Benton. The funeral arrangements were in charge of Undertaker William H. Saunders.

BROWN—The funeral of Miss Catherine Brown took place this morning at 8.30 o'clock from her home, 215 Cross street and was largely attended by sorrowing relatives and friends. The cortege proceeded to St. Patrick's church where, at 9 o'clock, a funeral mass was sung by Rev. Jos. A. Curtin. The choir, under the direction of Mr. Michael J. Johnson, rendered the Gregorian mass, the solos being sustained by Miss Alice E. Murphy, and Mr. Daniel S. O'Brien. Mr. Johnson presiding at the organ. There was a profusion of beautiful floral tributes and of spiritual bouquets. The bearers were Guy F. Brown, Hubert A. Brown and Arthur Shinnery, nephews of deceased, and Mr. John Mealey. At the grave Rev. Father Curtin read the committal prayers and the burial was in St. Patrick's cemetery, in charge of Undertakers James F. O'Donnell and Sons.

PERUSSE—The funeral of Mrs. Arthur Perusse took place this morning from her home, 255 Cheever street. Solemn high mass of requiem was celebrated at St. Jean Baptiste church at 9 o'clock by Rev. Eugene Turcotte, O.M.I. as deacon and Rev. Augustin Gratton, O.M.I. as sub-deacon. The bearers were Messrs. Hardy, Lamotte, Giroux, Leblanc, Pratte, Mahoney, Pette and Hardy. The Third Order of St. Francis was represented by Mrs. Pratte, Mrs. Hardy, Misses Hardy and Duquette. Burial was in St. Joseph's cemetery, where the committal prayers were read by Rev. Charles Denzot, O.M.I. Funeral arrangements were in charge of Undertaker Joseph Albert.

DESROSIERS—The funeral of Mrs. Honore Desrosiers took place this morning from her home, 142 Ennell street. Solemn high mass of requiem was celebrated at St. Louis church at 9 o'clock by Rev. Fr. Comptois, M.S.P., a nephew of deceased, who was assisted by Rev. P. X. Gauthier and Rev. E. J. Vincent as deacon and sub-deacon. The bearers were Delphis Belleville, Joseph Plon, Joseph Lamoureux, William Manseau, Charles Asselin and Israel Gervais. St. Anne's sodality was represented by Mrs. A. Fortin, Mrs. A. St. Gra, Mrs. J. Lemieux, Mrs. Joseph Plon. The delegates from the Third Order of St. Francis were Mrs. Charles Asselin, Mrs. Napoleon Soucy, Mrs. Israel Gervais and Mrs. Alfred Gosselin. Burial was in St. Joseph's cemetery, where the committal prayers were read by Rev. Fr. Comptois. Funeral arrangements were in charge of Undertaker Napoleon Bilodeau. Attending the funeral from out-of-town were Mrs. Pierre Leclerc and Mr. and Mrs. Fortunato Lepine of Montreal.

"CERTAINTIES ONLY" IS ROPER'S ANSWER NOW

WASHINGTON, Aug. 26.—Commissioner Roper announced today that the bureau of internal revenue would not answer inquiries relative to proposed business ventures, but would pass on completed transactions only. Many persons have been writing the bureau to know if taxable income would result from such and such plans.

High mass of requiem will be sung at St. Patrick's church at 9 o'clock. Interment will be in St. Patrick's cemetery. Undertaker Peter H. Savage in charge of funeral arrangements. Motor cortege. Friends please omit flowers.

MATRIMONIAL

Mr. Fred Miller Cameron, of North Tewksbury, and Miss Mary Catherine Pyne of this city were married Saturday evening at the home of Dr. Herbert O. Steeves, 9 Stratford street, West Roxbury, the officiating clergyman being Rev. S. Howard Wilkinson of the Immanuel Episcopal church of West Roxbury. The bride wore white satin with overdress of white silk net and carried a shower bouquet of bridal roses. She was attended by Miss Ruth Boland of New York, who was attired in Nile green chiton trimmed with silver lace and carried orphelia roses. The best man was Mr. William Bennett. The bride was given away by her father, Capt. David H. Pyne. At the close of the ceremony a reception was held and present at the festivities were guests from Washington, Philadelphia, New York, Pittsburgh, Salem, Portland, Me. and Boston. The happy couple will make their home in this city.

ALL READY FOR FOOD SALE THIS EVENING

From all advance indications, the food sale which was scheduled to open at the Red Cross workroom in Market street late this afternoon will attract a large crowd of purchasers owing to the fact that it is being held at a time convenient for those employed in mills and other industrial plants whose occupations do not permit them to attend sales during the forenoon or afternoon.

The sale will continue until 9 o'clock this evening and the articles on tap include peas at 10 cents a can, tomatoes at 12 cents and small and large-sized cans of corned beef at 30 and 55 cents, respectively.

List of Workers

The following Red Cross volunteers will conduct the sale under the direction of Mrs. John K. Whittier: Mrs. Marietta R. Jefferson, Mrs. John L. Russell, Mrs. Walter W. Cleworth, Mrs. Ralph P. Adams, Mrs. Edward B. Emerson, Mrs. William L. Robinson, Mrs. Charles W. Holmes, Mrs. George D. Hawley, Mrs. Lewis E. MacBrayne, Mrs. Julian P. Keyes, Mrs. Clarence E. Hoxie, Mrs. William O. Dickerman, Mrs. George E. Jones, Mrs. Charles B. Abbott, Mrs. Frank E. Davis, Mrs. Charles E. Lovejoy, Mrs. James Cameron, Mrs. J. Harvey Gamble, Mrs. James H. Carmichael, Mrs. Joseph H. Guillet, Mrs. Moses M. Marks, Mrs. Joseph F. Talbot, Mrs. F. G. Rockwood, Mrs. John H. Harrington, Mrs. Charles L. Marren, Mrs. J. Harry Boardman, Mrs. George H. Allard, Mrs. Arthur J. Murkland, Mrs. Edwin L. Farrington, Mrs. George H. Runnels, Mrs. Philip S. Marden, Mrs. Belle C. Johnson, Miss

Obey Mahon's Order

Continued

which they are an integral part, and that they must for the present abide by the recent award of the war labor board of a 12 1/2 per cent. increase unless they should be able to persuade the trustees of the company to open the case.

Another reason given for the postponement of any strike action is that the officers of the various locals must attend the convention of the head organization which will be held in Chicago early in September, and that out of respect for their officers who will be obliged to attend no action will be taken until the convention closes.

Asked as to the probability of a walkout on the local lines of the street railway tomorrow, Thomas Powers, president of Lowell division 250, said that the question of a strike was now "entirely up to Mr. Mahon." He called attention to the vote of the local carmen, in which they expressed themselves in favor of placing the matter in the hands of an arbitration board, as outlined in questions 2 and 3 on the ballot voted upon yesterday. While the trustees have rejected the plan for a revision of the award by an arbitration committee to be selected, one by the trustees, one by the employees and the third by the two chosen. President Powers said that the men have shown a willingness to settle the matter through arbitration.

The result of the vote taken by the

local carmen yesterday has been sent to Boston to be tabulated, and the result of the entire system's ballot will probably be made known tonight. A meeting of the Lowell carmen has been called for this afternoon, and a further meeting will be held this evening, at which it is expected the results of the balloting will be discussed. It is believed, however, that should this tabulation show, as it is confidently expected it will, that the men have shown themselves favorable for the rejection of the award, the local division will refuse to take part in a strike unless it is sanctioned by Mahon.

The ballot taken in Lowell shows that the local men voted 255 to 33 not to accept the wage award of the national war labor board, embodied in the first question of the ballot. Other results of the referendum were:

2. "Are you willing to submit the wage question to a new arbitration board? Yes, 263, no 27.

3. "Are you willing to have the validity of the war labor board award passed on by the three lawyers? Yes, 257, no 28.

4. "Should this division suspend work if an agreement is reached within a reasonable time? Yes, 257, no 37.

5. "Should the time of the suspension be left to the international officers and the joint conference board? Yes, 250, no 34.

SCHOOL BOARD DEPLORES MOVE

Declares Council's Slicing of
Morey School Appropriation "Shortsightedness"

Chairman Walsh Says 14
Room Addition Will Mar
Symmetry of Building

The school committee, through its chairman, Richard Brabrook Walsh, deprecates the action of the municipal council in slicing the appropriation for the Morey school addition from \$315,000 to approximately \$130,000; protests against what it terms "shortsightedness" on the part of the commissioners and hopes the new addition will be unsymmetrical and unfinished wing will be ugly enough to create sufficient public sentiment to demand a completion of the building at the earliest possible moment.

It may not be generally known that when the new addition of 14 rooms is completed it will entirely mar the symmetry of the present building, leaving one wing 66 feet short of corresponding with the other wing. This abbreviated wing will be temporarily sealed up with a terra cotta wall instead of brick, thus making it easy to tear down when the time comes for completing the job.

"I do not believe that the new building will be ready for occupancy before the fall of 1920, judging by the length of time required in constructing the new buildings of the Pawtucket and Bartlett schools," said Chairman Walsh this morning. "And furthermore, when it is ready for occupancy we will have pupils enough to immediately fill it. The 14-room addition will supply our needs in that section for about two years, but no longer."

"In the mind of the school committee the cost of the Morey school addition is not excessive for a building of first class, fire-proof construction. The architect's figure now is \$38 cents

per cubic foot, which is considerably less than the cost of constructing the last two schools in Boston. The William Lloyd Garrison school there cost 43.1 cents per cubic foot and the Michelangelo school, 48.9 cents. They are built with the same care that will be exercised here.

"The school committee had no alternative but to accept the 14-room school in place of the one of 18 rooms we had planned. The council practically told us we could take the smaller one or nothing and we were obliged to do so, but it is false economy. The money allotted us for the new building does not allow for any needed changes in the present building. The radiation system should be extensively altered, but this must be laid on the table until a time when additional money is appropriated. The boiler to be installed in the annex will be of sufficient size to heat the entire plant once the steam piping is changed, but until this is possible the old building will continue to be served by the present boiler and furnaces.

"We exceedingly deplore the condition of affairs which will result in an inconformity of construction, but the lack of money is the cause and the building will remain in an unfinished state until more funds are forthcoming."

AMUSEMENT NOTES

R. F. KELT'S THEATRE

R. F. Kelt's theatre got away to an excellent start on its ninth annual vaudeville season yesterday afternoon and evening to the pleasing accompaniment of two picked houses and a bill replete with variety and "class."

Riding easily on the crest of the good things that the bill unfolded was the Jazzland Naval Octet who sent more spice and pep skimming through the aisles in the 20 or 25 minutes that they were manning on the boards than a dozen ordinary jazz acts would be able to uncover. The navy boys are clean cut young fellows—there's not a bad looking one in the bunch—and they bring with them that zest peculiar to salt water tars. They're not will a minute and several of them heard in solos disdaining voices of no mean attainment.

The girls don't essay anything classical in the usual sense of the term. They shot out melody after melody that kept every day in the street and intermittently there came numbers not quite as speedy but capable of abundant funny twists. And when you get right down to it the ability of the jazz boys to see the funny side of a song and make the most of it is really the secret of their success.

The eight form a jazz band with a variety of instruments ranging from trombone to banjo and each seems a

What are Red Pills—and why should I take them?

RED PILLS are for women, taken specially for Anaemia or poor blood. They are a blood food. They make the blood pure and rich, and build up the whole system.

THOUSANDS and thousands of women and young girls owe their bright eyes, their pretty complexions, their graceful forms and vivid vitality to RED PILLS for Pale and Weak Woman.

IF you are not as well and strong as you should be—if you are always tired or "out of sorts"—if you are having headaches and backaches—if you do not eat and sleep well—if you suffer with giddy spells, nervous attacks, indigestion—than you have Anaemia and should get RED PILLS at once.

MRS. LOUIS HUARD, 73 Broad Street, Fall River, Mass., says: "I had twenty-four children, and at that period of life which is always so hard for a woman to pass safely, I was completely run down and was suffering from the bad symptoms and ailments which woman is heir to, and which make her life so miserable, such as palpitations of the heart, dizziness, numbness of the limbs, poor digestion, and so many other complaints known only to women who have experienced them themselves. I was persuaded to start taking RED PILLS for Pale and Weak Women, and to this day I cannot praise them too highly, for they restored my strength and vitality, and thanks to their salutary effects I was able to pass through this difficult stage of life with as little trouble as possible, and I now feel better than ever!"

CAUTION:—The formula of RED PILLS for Pale and Weak Women was first discovered in Paris, in the year of 1870, by a famous French doctor, and they have been widely used ever since.

To avoid imitations or substitutions, insist on the signature "Cie Chimique France-Americaine". In boxes only, 50 cents, or six boxes for \$2.50.

past master of his particular specialty. The sailors are nimble on their feet and in their spick and span uniforms present what the clothing stores call "a satisfying appearance." They are one of the first of what will probably be hundreds of service men to come to Lowell and their introductory was all that could be asked for.

Muriel Morgan and Minnie Kister have the rare gift of a sense of humor. Muriel is of elevated stature and by the compression of close-fitting gowns gives the impression of undue slenderness. Minnie is a more shapely youngster with a praiseworthy voice. When Minnie isn't singing Muriel is keeping the house in an uproar and the combination can't be beaten.

A touch of oldtime minstrelsy is given by Lew Pizel and O. H. Cushing in their skit, "The Stranded Minstrel." The characters are the manager of a traveling minstrel troupe and the rest of the troupe. The manager travels via a wheelbarrow, and the means of locomotion is the "rest of the troupe," colored by persuasion. Ghosts and talk of ghosts figure prominently in the act and there's not a tick of the watch that takes place in the act, and the two are before the footlights.

The deductive method of painting is the way philosophers would probably term Rudinoff's exhibition. Rudinoff is a bewhiskered gentleman, every inch a product of the Latin quarter if appearances count for anything, who makes startlingly attractive pictures by smoking a large pan and then rubbing out unnecessary parts of the smoke. He made an excellent sketch of New York harbor last evening and then by a few more obliterations changed it into a Holland scene. A few more erasures and it was a rural scene. And all through his work Rudinoff assures his audiences that anybody can do it at home—providing you know how. The second act, which about Rudinoff is his whistling ability and the limitations of the nightingale made a big hit last evening.

Other good things on this week's bill include Felix and Fisher in gymnastics and comedy. The La Vars, rapid fire dancers; Mildred Valmore in character songs and the weekly new picture of Current Events. Charlie Chaplin in "Sunshine," his latest million dollar comedy, is the funniest of his series and had a number of continuous uproar reverberating through the theatre yesterday.

On the whole, the opening bill is most attractive. Seats for the remaining performances of the week may be secured in advance at the box office. Phone 28.

LOWELL OPERA HOUSE

The Emerson Players, with Messrs. Schaeke and Buckley at the head, and House Manager Cook directing the house, will open its season at the Opera house on Labor Day, matinee and night, in Booth Tarkington and Julian Street's latest stage success, "The Country Cousin." Delightful announcement of the opening of the 1919-20 stock season, and the arrival of the new company, including some of the stellar lights of the theatrical world, will be accepted with genuine favor by the patrons of Lowell and vicinity.

Mr. Schaeke spent all last week in New York City engaging his company and contracting for the stock season, and his efforts resulted most satisfactorily to himself, and should be most satisfying to the local theatre-goers. A better balanced aggregation of actors and actresses never before in the city has been secured. The company is being given the benefit of the same artistic finish and completeness that characterized the original presentation. Rehearsals are already under way, with Director J. Francis Kirke in charge.

The leading woman of the company is Miss Margaret Field, an actress of recognized worth and ability in the east and middle west. Her last engagement was with the "Parlor, Bedroom and Bath" company, and company out to that opened her new company at Paterson, N. J. Miss Field has a rare talent which is sure to be reflected to a marked degree during the coming season.

John Meehan, the leading man, is an actor of exceptional talent and in management was indeed fortunate in being able to secure his services. For several seasons he was identified with Polli's biggest stock companies in New Haven, Bridgeport and other centres, and previous to then enjoyed an enviable reputation in stock circles of the west. His versatility is one of his greatest assets, while his personality is said to add materially to his successful stage career. Mr. Meehan filled out success of a stock season depends, in land, Oregon, and in New York City.

J. Francis Kirke, the director, is easily listed as one of the best value heads of stock companies in the east. For seasons he was identified with the Polli circuit and other well-known and reputable theatrical concerns throughout the country. The success of a stock season depends, in a large measure, on the capabilities of the director, and in this particular the Emerson Players are indeed fortunate in having Mr. Kirke with them.

Priscilla Knowles, leading heavy and character woman, is an actress that Lowell audiences will surely "warm up to" very readily. Miss Knowles enjoyed the rare distinction of having played 2000 consecutive performances, and on the occasion of her 1000th performance was presented a beautiful gold medal by her admiring friends and theatre patrons. Up to this season she has always played leads, and has had the rare distinction of being the slightest question but that she will win instant recognition with local patrons.

Helen Freeburn, the second woman of the company, was with the Bursack company in California, and also at White Plains, N. Y., for several seasons, and is an actress that will contribute materially to the promised success of the local engagement.

William Melville, the second man of the cast, comes to Lowell with a reputation that includes successes in many of the large theatrical centres of the east, and Jack Bennett, the character man, has been connected with some of the best stock companies of the country, including those at Cleveland and Taft City. He played with the "Dawn of Tomorrow" company.

Hat Crane is the juvenile man and Helen Scott the ingenue, and it is the type that should win genuine approval with the patrons. Their past records indicate clearly that they should experience not the slightest difficulty in making friends quickly in this city. Arthur Mack, the stage manager, has just re-

turned from 22 months service overseas, where he was wounded and later captured by the Germans. Previous to his enlistment he was with the leading stock company of Brooklyn, N. Y. Charles B. Stillwell, is the scenic artist, and Grace Germaine and Harrison are other members of the company.

THE STRAND THEATRE

Seats at the Strand theatre yesterday afternoon and evening were at a premium and the reason for this was that the king of comedy, Charlie Chaplin, was being featured in one of his latest and best comedies, "Sunshine." Those who were unable to gain admittance yesterday, may do so today, for the same bill will be repeated this afternoon and evening and tomorrow afternoon and evening.

Of course Charlie is the prime attraction on the program of the first three days, but nevertheless there are other good numbers, such as "Almost Married" and "One of the Finest." In addition there is also the Universal Weekly, which proves an interesting and instructive, while musical numbers by Samuel Wallace add greatly to the enjoyment of the bill.

The only thing that can be said about Charlie Chaplin in "Sunshine" is that you will laugh from the beginning to the end, whether you are a man or a woman, and whether you are a comedian or a serious person. It is funny and his new sketch is nothing but a scream. See Charlie and enjoy a good laugh.

"One of the Finest" is a melodrama of great merit. It deals with the doings of a traffic officer, who is transferred after having stopped the limousine of a rich girl and having recommended her for allowing another chauffeur to exceed the speed limit. Later the rich girl falls in love with the officer and the events that follow form a pretty and interesting love story as ever was told.

"Almost Married," a beautiful comedy-drama in which May Allison was the leading woman, is a play for serious consideration. In the first scene she appears as Adrienne, daughter of a Swiss inn keeper. She meets a young American millionaire who proves that he is not what he seems. He leaves her secretly while the others are asleep and the girl awakes to find herself deserted. Angered at his faithlessness she ac-

cepted an offer to come to New York, where, by the power of her beautiful voice she becomes the reigning favorite at a famous midnight review. She meets the father of the young man and between them they concoct a plan whereby the son is given a lesson he will never forget. He finally becomes desperate and everything ends happily.

The result of the pony contest, which will be brought to a close in a few weeks, so far, is as follows: Walter Sheahan, \$8,315; Robert Carr, Jr., \$2,515; Sunshine McCoughry, \$1,230; Peggy O'Reilly, \$3,745.

The others named in the order of their standing, are: Joseph Bouguer, John Lester, Herbert Crosby, Louise Hall, George Fitts, Carroll Smith, Ellen Devine, Josephine Farrell, John Connor, Herbert Barne and William O'Brien. It is expected that the pony outfit will arrive some time this week or early next week.

PHOSPHATE STRENGTHENS WEAK NERVES

Nothing Like Plain Nitro-Phosphate to Strengthen Weak Nerves and Increase Strength and Vigor.

According to a noted French Scientist, the most effective remedy for nervousness, insomnia and ailments due to depleted nerve force is a form of organic phosphate known among druggists in this country as Nitro-Phosphate.

It is described as a substance which is similar in composition to the phosphorus naturally found in brain and nerve cells and, being easily and quickly assimilated, the work of creating nerve force, strength and vigor begins immediately it is taken into the human system.

There have been many reports of astonishing results from its use, some showing remarkable improvement even in stubborn cases of long standing nerve weakness. Such results are many of phosphates, care should be exercised to procure the genuine Nitro-Phosphate as sold by A. W. Dow in Lowell and all good druggists.—Adv.

EXPECT 1000 WAR HEROES IN LINE

Final Meeting of General
Committee in Charge of
Reception to Service Men

Elaborate Plans for Big
Parade, Banquet and Mass
Meeting on Labor Day

A final meeting of the general committee in charge of the arrangements for the big welcome home celebration to be given the French-speaking soldiers and sailors of this city Labor day, was held last evening in C.M.A.C. hall in Pawtucket street with a very large attendance. Sub-committees reported that everything was in readiness for the big celebration and all predicted that the affair will be one of the biggest of its kind ever held in this city and will even eclipse the big St. John day celebration held in Lowell in 1905. The details of the affair were gone over carefully and providing the weather man is kind to the French-speaking residents of this city, Sept. 1, 1919, will remain a memorable date in the history of Lowell war heroes.

Last evening's meeting was presided over by Chairman Joseph L. Lamoureux and at the close of the meeting an invitation was extended to all the residents and business men along the route of the parade to decorate their homes or places of business. The committee will do its share of the decorating, for it was voted to have the poles of the white way along Middlesex, Central and Merrimack streets decorated, while the headquarters of the committee, the C.M.A.C. building, as well as the lawn at the home of Mrs. Anna de

Lamotte at the corner of Salem and Whiting streets, will be adorned with bunting and the national colors.

The program as arranged and completed at last evening's meeting will include a solemn high mass of thanksgiving at 10 o'clock in the forenoon at the French-American orphanage in Pawtucket street, where music will be furnished by a choir composed of singers from the three French Catholic parishes of the city, the singing to be under the direction of Telephore Malo, choirmaster at St. Joseph's. At 3 o'clock in the afternoon a monster parade will be held and at the close of the march a banquet will be served the soldiers and sailors in uniform on the lawn at the home of Mrs. de Lamotte in Salem street. In the evening a mass meeting will be held on the North common, where a concert will be given and brief addresses will be delivered, the names of the speakers to be announced later.

The Parade

The parade will form in Westford street in the vicinity of Smith street and will leave promptly at 3 o'clock, the route to be as follows: Westford to Smith, to Branch, to Middlesex, to Central, to Merrimack, to Pawtucket, to School, to Mammoth road, to Fourth avenue, to Moody, to Alken, to West Sixth as far as West street and countermarch to Alken, to Moody, to Cabot, to Salem and to the North common, where it will be dismissed. The parade will be reviewed at city hall by Governor Coolidge, Congressman Rogers and the members of the municipal council. As will be noticed there has been a change in the route of the parade, for instead of swinging into Riverside street from Mammoth road as it was first intended, the line will continue up Mammoth road as far as Fourth avenue and over Moody street.

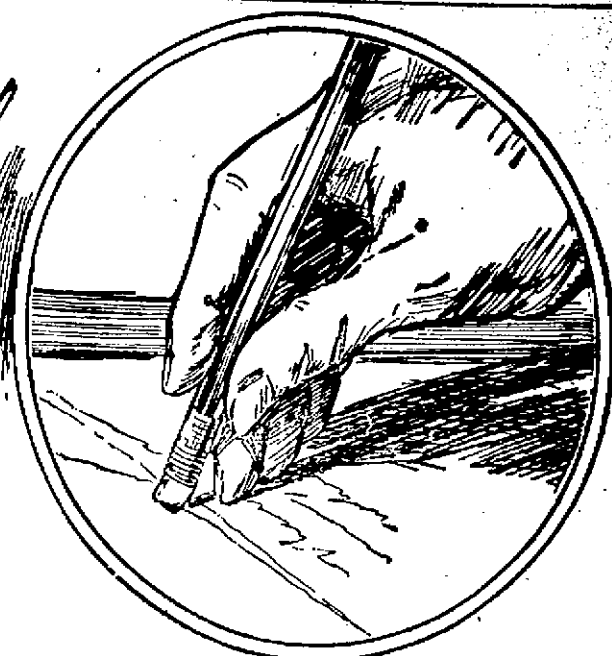

At the close of the parade the soldiers and sailors in uniform will be escorted to the home of Mrs. de Lamotte in Salem street, where they will be served a banquet. During the dinner a musical program will be given by a local band.

Doings of the Meeting

The meeting was a very enthusiastic one and all committees were anxious to report what they had accomplished. Routine business was transacted and then it was voted to request Commissioner Morse of the fire department to allow the French-speaking members of his department to participate in the parade as an escort with the police department. It was stated that as an inducement for the soldiers and sailors to participate in the parade several prizes will be drawn at the banquet. The men will be given tickets upon reaching the banquet grounds, which will give them a chance on the following cash

Rubber is not always resilient. Any man who has ever broken a pipe stem knows just how hard and brittle it can be.

As prepared for the pencil eraser, rubber is soft and crumbly. Its resiliency is slight and it wears away rapidly.

Rubber can be as brittle as a pipe-stem or soft and crumbly as an eraser

The springiness, or resiliency, which we associate with rubber, depends on the "compound"

JUST as silver is combined with other metals to make it durable, so is rubber "compounded." Different "compounds" are responsible for the wide variety of rubber products we use daily—hard, brittle articles like pipe-stems, fountain-pens and combs at one extreme, and the soft, crumbly pencil eraser at the other.

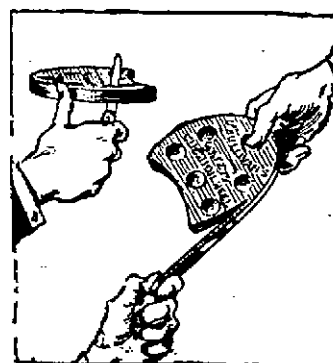

O'Sullivan's Heels—now universally recognized as a practical necessity of city life—put an exacting demand on the "compounding" process. O'Sullivan's Heels must be both *durable* and *resilient*—they must have the toughness to withstand daily grinding on hard pavements, and the springiness to absorb the jolts and jars of walking.

What gives a rubber heel "life"

It is not just the rubber that gives O'Sullivan's Heels their springiness and wearing qualities.

To secure the resiliency and durability of O'Sullivan's Heels, the highest grades of rubber are "compounded" with the best toughening

agents known. The "compound" is then "cured" or baked under high pressure. By this special process the greatest resiliency is combined with the utmost durability. It is this special process that has, since the making of the first rubber heel, established O'Sullivan's Heels as the standard of rubber heel quality.

If an O'Sullivan Heel is cut along the side so that a thin strip of rubber is left attached at one end, that strip will have great elasticity—it can be stretched several inches. With an ordinary rubber heel the material snaps in two before it has stretched to any great degree. This test proves the remarkable resiliency and durability of O'Sullivan's Heels.

Guaranteed to outlast any other heels

O'Sullivan's Heels are guaranteed to wear twice as long as ordinary rubber heels; and will outlast three pairs of leather heels.

Go to your shoe repairer today and have O'Sullivan's Heels put on your shoes.

O'Sullivan's Heels are furnished in black, white or tan; for men, women and children. Specify O'Sullivan's Heels and be sure that you get O'Sullivan's—avoid the disappointment of substitutes.

O'Sullivan's Heels protect you against the jars and jolts of walking. They absorb the shocks that tire you out—conserve your energy.

prizes: \$25, \$15, \$10, \$5, \$3 and four \$2.50.

It was announced that prizes will be given for the best decorated floats in the parade and the names of the judges, who will be selected by the executive committee, will be announced after the parade. Commissioner George M. Marchand, who is a member of the committee informed his listeners that he will erect a temporary bandstand, speakers' stand and singers' stand on the North common for the mass meeting.

The committee on floats reported that already about 25 floats had been checked off and that more will be announced during the week. The committee on the souvenir program reported that the pamphlet, which will contain valuable information concerning the part played by the French-speaking soldiers and sailors

in the war, will be sold at the French churches Sunday morning after masses and that more will be distributed Labor day.

The official insignia for the day, according to the badge committee, will be a red, white and blue ribbon, bearing the inscription, "Bienvenue a Nos Heros," "Welcome to Our Heroes." They will be sold at 25 cents per copy.

The music committee reports that the following bands had been hired for the parade: Lowell Military, Lowell Cadet, Middlesex Training School, United States Cartridge Co., Eagles and Irish Volunteers.

A feature of the meeting was the report of the treasurer, Hector Dupuis, who announced that he had on hand the sum of \$2547.21 and he predicted this amount would be swelled to \$1000. The amounts re-

ceived from the different parishes are as follows: St. Joseph's, \$100; St. Louis, \$354.10; Notre Dame, \$275. The whist held recently at the home of Mrs. de Lamotte netted \$214.75.

The committee has made arrangements for automobiles for disabled soldiers and they hope that all veterans of the world war who are un-

REAL ESTATE PROSPERITY

Many people in a position to know, state that never have real estate men in Lowell enjoyed such a time of prosperity as is the case at present. Evidently it is a prosperity that is to continue. There is, for instance, every indication that the number of home owners is to increase rapidly, many persons becoming home owners in "self defense."

The amount of building going on now does not keep up with the demand for places to live in by at least 80 per cent. This does not alter the fact that many persons who have owned real estate for many years are now taking advantage of the favorable market to exchange the property for cash. Hundreds of tenants are becoming their own landlords.

No real estate man can afford to neglect the field of the one big evening paper here. Trying to reach out for more business among tenants and property owners, the sure agency to do it is to advertise in

THE SUN

Lowell's Greatest Newspaper

THE CITY MANAGER

We have just received a copy of the Fifth Year Book of the City Managers' association. Glancing over the contents, one gets the impression that the city managers have rescued quite a large number of cities and towns from the ravages of politicians, generally reducing expenditures and doing a great many things that were never done before.

The city manager is here elevated to the dignity of an institution, an important discovery by which the municipalities that got "stung" on the commission form of government, may try a new experiment, with equally barren hopes of success.

We all remember with what encomiums the commission form of city government was foisted upon many New England cities some ten years ago and we know what the result has been. Some have discarded it with bitter disappointment after an expensive trial and most of the others that adopted it are about to do the same.

To all such cities, the plan of hiring a city manager is presented as a substitute for the commission. The city manager costs from \$1500 up to \$10,000 and if he be a thoroughly honest and efficient man, he is worth that or even more. But that "if" is a mighty stumbling block. If the commission of five is objected to because of its social membership, much more objectionable is the commission of one, for that is what the city manager really is, although he is usually under the direction of a city commission.

We read in this year book that one city manager acts as clerk, assessor, tax collector and police department and at the same time has charge of the municipal light and water plants, and all at a salary of \$1200.

That state of affairs is said to exist at Largo, Fla.; but in cities of moderate size, whatever is done in the line of progress is set down to the credit of the city manager. It would seem that things were generally retrograding until the cities mentioned bit upon the idea of a city manager. Since that all has been well, if we are to heed the bouquets which this association of city managers so lavishly flings at themselves.

No longer need any city struggle under corrupt or inefficient government. All that is necessary in order to secure up-to-date and progressive municipal government is to engage a city manager and give him full charge. And who are the city managers? Chiefly men who have held political office somewhere until they could no longer convince anybody that their continuance in office would be advantageous to the municipality they served. In such a case the position of city manager in another municipality, had many attractions. Besides, it is the rule that if a man gets a standing as "city manager" even in a town of 500, he is in line for appointment elsewhere at a much larger salary.

Thus the business of city manager is offering some fat berths to broken down politicians who could not find employment of any other kind. But as a panacea for municipal misgovernment we refuse to accept it. It is simply a plan of bolstering up an inefficient commission. First we were told the commission itself would do the business, but now we are apprised that in addition there must be a city manager, who will be the executive official of the city.

Perhaps one manager is better than five; but if any city wants an executive official why not elect him in the old fashioned way and designate him by the time honored name of "mayor."

The term "city manager" is new and appeals to the unthinking; but in its best application it means nothing more nor less than the choice of a trained and competent business executive to conduct the affairs of the city. Under the "system" the city commission would choose the city manager and he might be nothing more than a tool of those who gave him the place. Even should this be true, the people could not remove him except they first remove the commissioners who appointed him.

It is well that our New England cities, especially those over 50,000 in population, go light on these fads and follies of municipal government that have their origin in the middle west and the south usually where municipal conditions were deplorable and where any half decent direction of affairs, must necessarily be a decided improvement upon that which preceded.

THE CARMEN'S STRIKE

Indications point to a strike of the street railway men employed by the Eastern Massachusetts Co. We do not see any just reason why such a strike should be voted or sanctioned. If the men are dissatisfied with the award of the War Labor Board, they should make known the fact to the proper authorities and await developments. There are many ways of securing the desired end and all are preferable to a strike. The trustees of the company in this situation have a responsibility to do their utmost to maintain the service in the interests of the public. Now is the time to forestall a strike and perhaps a little diplomacy on the part of the trustees, or of Governor Coolidge would avert what may prove to be a very expensive ordeal for all concerned.

This street railway company is practically in the hands of the state authorities and if they stand idly by while a strike is being prepared and organized, they will be in a measure responsible for the result. It will not help matters much to declare afterwards that the strike is in violation of an agreement and not sanctioned by the national officers.

The differences between the men and the trustees are not such as cannot be satisfactorily settled by a board of arbitration. The men evidently have refused to accept the decision of the War Labor Board and the question now comes on reopening the case. If this can be done without violating any agreement or contract, the men can bring their demands to the front for settlement preferably without a strike under which they would be the chief sufferers.

Before declaring a strike the carmen should consider whether public opinion will be with them in taking such action. We believe a few street railway strikes will solve the problem by killing the railway business except on interurban lines. The jitneys and motor trucks will be so developed as to handle the traffic on city routes. The end of the strike may see a general curtailment of the business.

President Mahon of the international carmen's union maintains the credit and honor of union labor in holding all the locals to the letter of their agreements. If the carmen accepted the finding of the War Labor Board, they cannot justly reopen the case without some good reason. They claim the award of the War Labor Board is "legal." It is plain that legal proceedings involved which it will require careful

deliberation to clear up. To cut off the negotiations by a strike at this time would be the worst course the carmen could adopt. In such a case hasty action might be disastrous.

SAVE THE INFANTS

For some time past there have been intimations that many children in this city are being underfed, some suppose as a result of the high cost of living. This is a matter that should be investigated by our city government. If the charge is based upon facts, some steps should be taken to provide the necessary remedy.

We have a large percentage of infant mortality and this, we believe, is due more to carelessness on the part of the parents than any other cause. It is not due to poverty, but rather to the greed of the mothers who in many cases go to work in the mills in order to earn high wages, while leaving little children at home in care of older children and, therefore, not properly provided for. Infants abandoned in this manner in the hot weather, soon contract stomach disorders which lead to cholera infantum, that in most cases ends in death. Even in sickness the little ones are neglected until it is too late. For this the mothers who leave their children during the day without proper care are constructively responsible. They should be looked after by the health authorities and compelled to give the little ones the care necessary to save their lives.

It is understood that some mothers who leave their infants in this way have substantial bank accounts and that they are not compelled to work for their self-support.

In some cases, it is true, that mothers are obliged to work because of the intoxication or shiftlessness of their husbands. These cases should also be looked up, and such men should be compelled to do their duty to their families, or else go to jail.

It seems that co-operation between the police department and the board of health might bring about a great improvement in the treatment of young children and thus materially reduce the rate of infant mortality.

BOSTON POLICE

It seems that practically everything is ready for the police strike in Boston. Commissioner Curtis has a sufficient number of volunteers ready to take the places of the regular policemen, and the labor unions of Boston, affiliated with the American Federation of Labor are ready to back up the strikers to the limit.

The commissioner contends that the police, having sworn to obey the rules of the department, cannot strike without violating their oath, but it appears that the police have a different opinion and feel that in the absence of any official body to which they may submit their demands they are justified in striking.

The city of Boston is now in the position in which it must remain until the legislature provides some legal tribunal for the settlement of labor troubles in which the employees are in the public service. There should be some court of arbitration to deal with the demands of policemen, firemen, railroad men and electric carmen. None of these public servants should be permitted to strike on any condition. But if that right be taken away, it should be compensated for by the establishment of some such tribunal as we have suggested for the equitable settlement of the demands of public servants or of those employed in the various public utilities.

On President Wilson's law of ethnological self-determination, there can be but one logical disposition of Thrace and that is that it shall be restored to Greece.

The railroad shopmen may not be satisfied at the four cents an hour increase but we surmise they will accept it without a murmur as to insist on more or to declare a strike would be unpatriotic at this juncture.

Our troops that visited Mexico are back in the United States, but unfortunately they did not bring with them the game they went after. They do claim to have killed one bandit leader. Let us hope so. But Villa still lives.

The reports that Germans are responsible for much of the trouble in Mexico and even the raids on the border are not without foundation. Hereafter it will be necessary to watch and wait for actual evidence that Mexico is really an enemy to the western hemisphere.

CONSTANT PAIN AFTER EATING

The Tortures of Dyspepsia Corrected by "Fruit-a-lives"

St. MARTIN'S
"For two years, I suffered tortures from severe dyspepsia. I had constant pains after eating; pains down the sides and back; and horrible bitter stuff often came up in my mouth. I tried doctors but they did not help me. But as soon as I started taking 'Fruit-a-lives' (or 'Fruit Liver Tablets') I began to improve and this medicine, made of fruit juices, relieved me when everything else failed."

SEEN AND HEARD

George Wharton Pepper showed considerable "pep" in his address here the other night.

Dave Ruth continues his ruthless attack on opposing pitchers and his home run hitting has made him the talk of the country. He certainly is "some baby."

If Lowell men continue to enlist for service on the U.S.S. North Dakota it may soon be in order to change the name of the big battleship to the "Spindle City."

The South End residents say that the welcome home receptions to the Centralville and Acra heroes will have nothing on the demonstration they are planning for their service men.

The plan to put up money prizes for the polo league winners is one that ought to result in keener rivalry and consequently better and faster polo than has been handed out heretofore. The old long green will bring out more interest and rivalry than all the pennant emblems ever made.

Cincinnati people are little concerned over the League of Nations. All they have the time or desire to think about, is the national league race, which their sensational team is now leading, and the Patrons have accomplished this despite the move to "make the league safe for the New York Giants."

One Enough in Small Family

The other day Danny Duff got a spanking from his father, Tom Duff (You know Tom?).

And later, Danny remarked to his mother:

"I'm getting so, ma, I can hardly stand that man you have for a husband."

Here's another story they tell on Tom Duff:

"Mr. Duff," pleaded Olivia's best beau, "I wish to marry your niece."

"You do, eh?" replied Tom.

"Yes, I love her."

"Is that so?" Duff asked, feeling sure it was so, for the calf-eyed young man looked it.

"Why," returned the young man, "I would die for her. For one soft glance from those sweet eyes I would hurl myself from yonder cliff and perish—a bruised mass upon the rocks 200 feet below."

Tom shook his head. "I'm something of a liar myself," he said, "and one is enough for a small family like this."

The Death of the Wife

Copyright, 1919, N.E.A.

I. Look! I overflow with life. I am filled with health. Plentiful for us both, my wife, Aye, and even for death! Let him gather what he will, I've a portion for you still.

II. I have life and you have none? I have breath I could not share? Then all justice is undone And the Universe unfair. Life's a lie, for nothing's true That I may not share with you.

III. Who is God who brings this blight And yet forces me to live? Gives me life, but not the right In my turn to grant and give. God! I'm made a mockery of. Stuffed with life and stripped of love! —EDMUND VANCE COOKE.

Cadum Ointment for Eczema

If you have eczema or any other skin trouble, get a box of Cadum Ointment. It stops the itching at once and is very soothing and healing wherever the skin is irritated or inflamed. Cadum Ointment is also good for pimples, blotches, rash, eruptions, scaly skin, chafings, piles, itch, tetter, sores, scabs, ringworm, cuts, burns, insect bites, etc.

Cadum Ointment is a French preparation. Made in America from the original formula.

MAN ABOUT TOWN

Sergt. McLeod, the officer in charge of the local army recruiting station, speaks interestingly of the efforts which the army officials are making to solidify the various races which are represented in the recruits coming into the service. It is a sort of a melting pot proposition and not wholly alien to the Americanization work being done by the local board of trade and various civic bodies in other communities. The army is now offering to non-English speaking and illiterate aliens the chance to enlist in the service, according to Sergt. McLeod, and promises them a knowledge of the English language and full citizenship after the three year enlistment has expired. The first recruit educational centre for this type of recruits has been established at Camp Upton, N. Y., and other camps modeled on this one are in process of organization.

The police of Manchester, N. H., aren't worrying a lot about increased wages these days—at least, so a Queen City "copper" declares today. Not because they aren't interested in handling old high cost of living a jolt, but they have already received substantial increases which will become effective Sept. 1. So they should worry. Everyone but the big chief and matron was remembered in the increase, which has been approved by Mayor Verette. I don't know just why they were left out. Perhaps they don't need it. Anyway, the rest of Manchester's "finest" will notice a difference in their pay envelopes after the first of the month, and they are ready to tell the world that a cop's life isn't so bad after all. It is believed in Manchester that the question of the formation of a policemen's union there has been dropped for the present, at least, as a result of the mayor's approval of the wage petition.

I attended an auction sale in a downtown store a few days ago and I felt sorry for the auctioneer, for although he is a very capable man in his business, luck was against him. Most of the articles he put up for sale, were turned down, while others he refused to sell because he did not feel the first bid was sufficiently high. There was one article he sold, however, and although the purchaser was a little bit disappointed, he proved to be a sport, for he paid the price and left the premises with his purchase. When the auctioneer put up this article, which greatly resembled an ice cream freezer, one of the men present offered 75 cents for the article. Another boosted the price up a nickel and the first bidder quickly retorted with "85 cents." "Sold to this gentleman here," cried out the auctioneer, pointing out to the first and last bidder. When the latter called for the article he enquired of the auctioneer what it was and when informed that it was a butter churn, he replied: "Gosh I thought it was an ice cream freezer." Nevertheless he paid and brought his churn home.

BUILDINGS ON MEMORIAL AUDITORIUM SITE SOLD

The nine tenement buildings on East Merrimack, Brown and Stackpole streets, stand on the site of the proposed memorial auditorium to Lowell's soldiers and sailors of the world war, brought a total of \$3710 at the public auction sale conducted yesterday afternoon by Auctioneer George F. Stiles. Several hundred people were present at the sale and the bidding was brisk and spirited.

The largest of the buildings, a 12-tenement structure facing on East Merrimack street, brought \$975 from Stearnman Bros. Other purchasers were David Ziskind, Israel Greenberg, Joseph Urbanek, Thomas J. Carville and A. Kallil.

The buildings were sold with the understanding that the purchasers should pay 50 per cent. when the property was struck off. The buildings must be removed by the purchasers within three weeks after they have been vacated and tenants have been notified to vacate by Sept. 15.

The first parcel sold was the two-tenement building numbered 13-15 Stackpole street. Bidding started at \$50 and the building was sold to David Ziskind for \$200 after a dozen or so bids.

Mr. Ziskind was also the purchaser of the second parcel struck off, the three tenement building numbered 21-23 Stackpole street. The purchase price was \$455.

The six-tenement block numbered 6-12 Stackpole street was also sold to Mr. Ziskind for \$410. The bids started at \$200.

Israel Greenberg was the highest bidder for the eight-tenement block

Knitted Silk Ties
EXCEPTIONAL VALUE
\$1.50

These have just arrived—most generous in width and fine in quality.

Solid colors in the striking "diamond" weave and fall combinations, black and white, black and red, black and blue, green and gold and heather in a chain weave.

Putnam & Son Co.
166 CENTRAL STREET

numbered 16-28 Stackpole street and his bid was \$555. He also bought the adjoining 10-tenement building numbered 32-46 Stackpole street for \$650.

The two small brick buildings with wooden ells at the junction of Stackpole and Brown streets were bought by Thomas J. Carville and A. Kallil, respectively, for \$95 and \$80.

The six tenement block, numbered 14 to 20 Brown street, brought \$3100 from Joseph Urbanek after some exceptionally brisk bidding.

Steering Bros. bought the last and largest parcel of the afternoon—the 12-tenement block facing on East Merrimack street. The purchase price was \$975.

The sale started shortly after 4 o'clock and was completed in 45 minutes. Auctioneer Stiles did his work from Mayor Perry D. Thompson's automobile and with the mayor at the wheel, the machine travelled around the circle of property in quick time. Arthur L. Eno, clerk of the auditorium building commission, took charge of the deposits made by the purchasers.

TEXTILE WORKERS MAY GO ON STRIKE

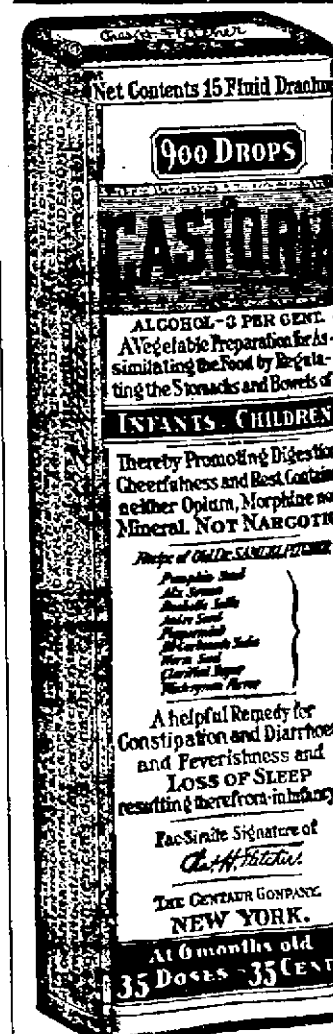

John Golden, international president of the United Textile Workers of America came to Lowell yesterday afternoon and with President Timothy Healy and Vice President Joseph Planagan of the International Brotherhood

of Stationary Firemen, held a conference with local cotton mill agents in an endeavor to bring about a settlement in the firemen's strike, which has been going on for the past three weeks. At the close of the conference Mr. Golden stated there was nothing to report excepting that little progress had been made, and that a notice of strike would be given if no settlement had been reached by the 1st of September.

It is predicted in cotton mill circles that unless the demands of the firemen for a minimum wage of \$5 a day and an eight-hour day are granted, the textile workers of this city may declare a sympathy strike. A special meeting of the strikers will be held Wednesday evening at which time it is expected a reply will have been received from the mill officials. When asked if the mill operatives will declare a sympathetic strike, President Golden replied that it was too early to predict, and he could not say what later developments would bring about. He returned to New York last night.

BOY INJURED BY AUTO

Willie Rochette, aged 10 years and residing at 28 Race street, was struck and knocked down by an automobile at the corner of Race and Moody streets yesterday afternoon and received abrasions of the body and probably internal injuries. His condition is considered serious. The automobile that figured in the accident is owned and was being operated by Silas Skilkin of South Portland, Me.

FOR DEVELOPMENT
OF ATHLETIC PROGRAM

In an effort to place athletics on a year-round basis and to allow participation in all seasons sports, the local Knights of Columbus council has called a special meeting for tomorrow evening with the view of creating interest in basketball and football, two sports classed as "majors." The success of the baseball team has led the athletic committee to believe the Lowell council, with its membership of more than 1200, should take a prominent place in local sport and it is further believed that the opportunities for competition this fall and winter with strong basketball and football teams from other parts of the state will be great.

K. OF C. AND SOUTH
ENDS TO HOOK UP

The respective managers of the K. of C. and South Ends met tonight to make preliminary arrangements for a series of games between these two teams. First, as it should be, no other pair of clubs in the city would be able to create so much interest in a set of contests. If Nixy Cougle and Jim Boland come to terms, it is hoped that the games could be secured as the play-off, for it is known that the games could not be staged on the South common with the necessary accommodations.

AMATEUR BASEBALL

Manager Casey of the Crescent Hill team requests the following players to meet at Hildreth and Sutherland streets at 7 o'clock this evening to discuss arrangements for a money game for Labor day: E. Desjardins, J. Manning, S. McMahon, R. Wilcox, J. Garvey, P. Downing, R. Bagley, R. Desnoes, C. Merrill, Leo Roth and W. Pomfret.

The Lowell Gas Light team goes to Andover tonight to play the strong Tyre Rubber Co. team of that village in a twilight contest.

There is considerable public demand for the reappearance of the Hingham Naval baseball team in this city. The game scheduled for last Sunday and cut short by the rain gave promise of developing into one of the best contests of the year and the "gobs" looked so good that arrangements are under way to match them against the Lamson team on the South common next Sunday afternoon. A possible inability to secure the common playground is the only drawback at present.

SECOND SERIES GAME

The second game of the series between the Knights of Columbus and B. & M. car shop teams will be staged at Spalding park Saturday afternoon. A big crowd was out for the first game, which resulted in a 6 to 4 win for the Knights and a still larger outpouring of fans is looked for this week. The teams are of sufficient parity of strength to put up a fine article of ball.

The Call-'em

We are in receipt of the Peace Souvenir booklet of the Brooklyn National League Baseball club and mailed about with its compliments. It has a catchy cover, well illuminated with groups of national flags of 22 countries, arranged about the Stars and Stripes, and the interior pages contain the Brooklyn club's honor roll of 26 names of players, statistics of the world war and articles on "The World War and the National Game" by Brooklyn newspaper writers. Photographs of the team cover four pages and a group picture of the club in playing togs, surmounted by four club officers covers two more pages. On the back cover is a colored map of Brooklyn, showing the casual visitor how he most easily may reach Ebbets Field. All very nice and printed with a commendable spirit of patriotism and appreciation.

How Do They Do It?

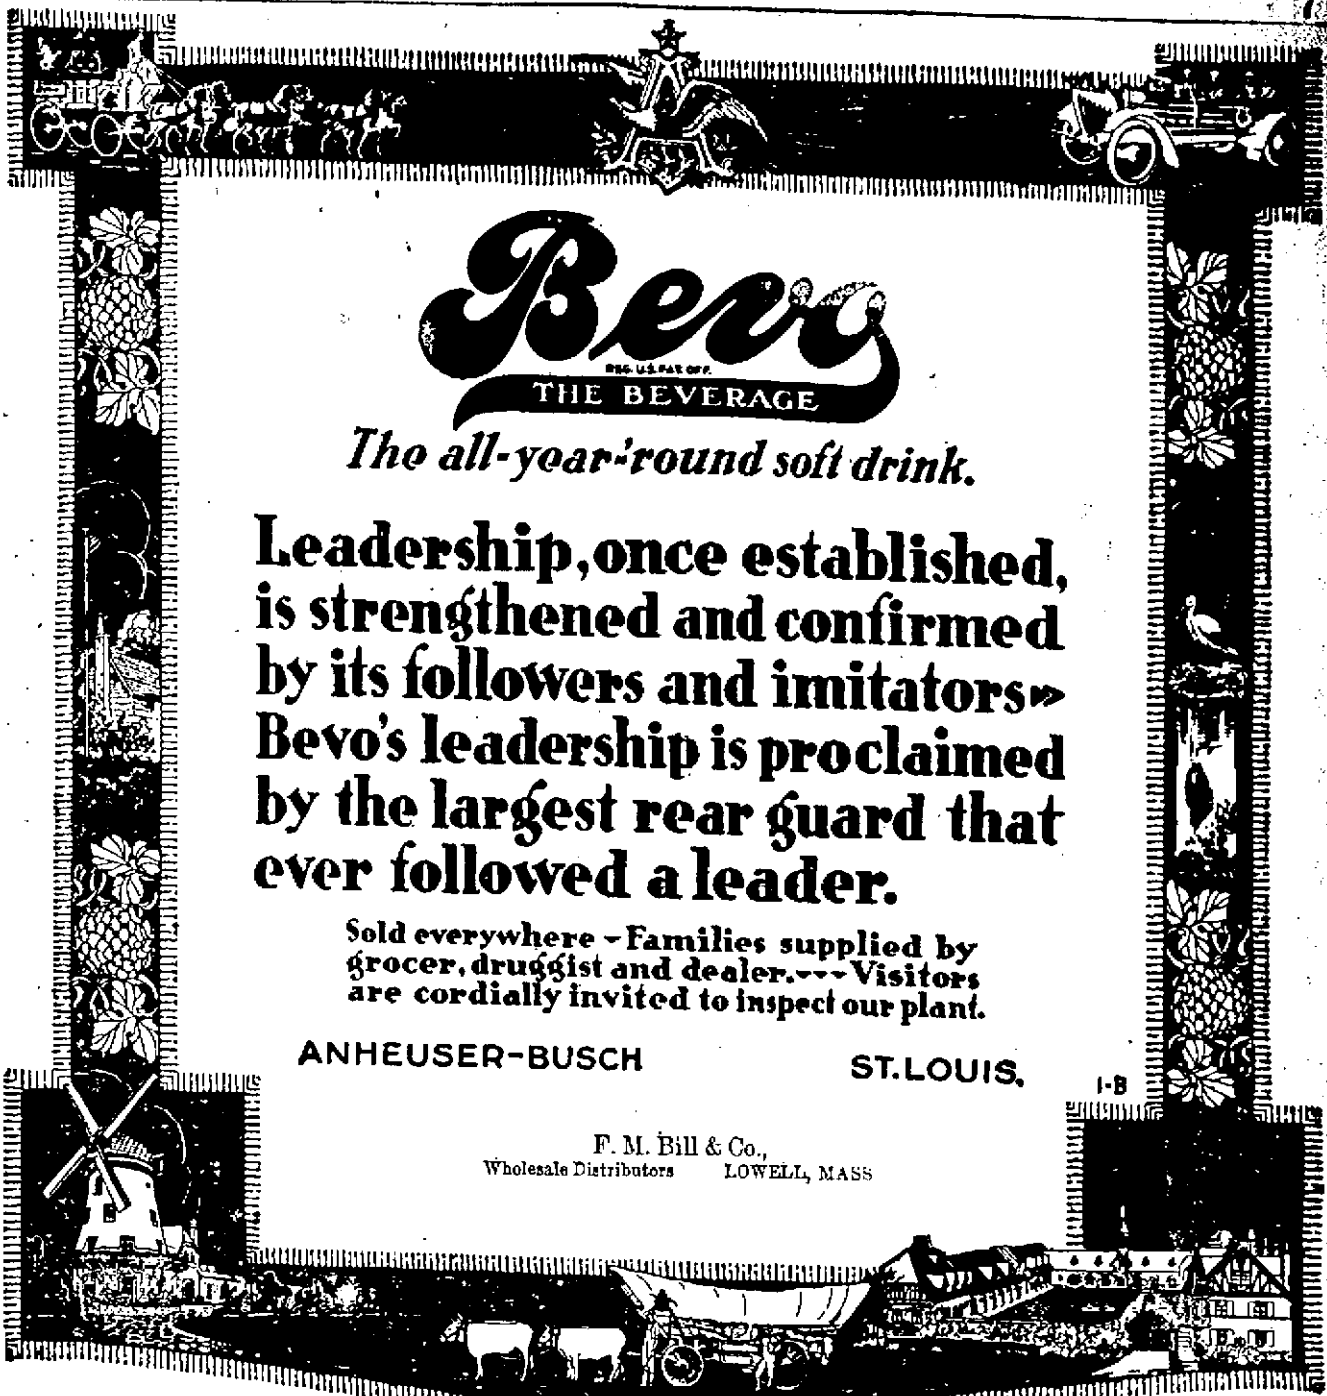

Big Bill James and Ray Caldwell win ball games just the minute they are turned loose by the Red Sox. Kid Gleason must have been tickled to death to see James pitch winning ball against the Senators last Friday and on Sunday Caldwell holds the Athletics to four hits and beats them, 2 to 1 in a Cleveland uniform. They both looked about as much like pitchers at Fenway park as a piece of broken bottle resembles the Kohinoor.

Think O'Dowd Pulled One

New York fight critics are puzzled to dope out the reason for Mike O'Dowd's entrance into the ring against Jack Britton at a weight said to be 155 pounds when it only was necessary for him to scale 153 pounds. He weakened himself considerably, it is claimed, and probably weighed two or three pounds less than 155 on the afternoon of the fight, when the boxers got on the scales.

A SORE LEFT WHIP

The temporary collapse of George "Lefty" Tyler of this city and the Cubs has seriously hampered the Chicago team in its race for the flag. Tyler's pitching arm is sore and has not responded to constant treatment. He is not with the Cubs on their present trip to Boston and it is said that his manager does not anticipate using him again this year. He has been around

A Monotonous Occurrence

We hereby make the daily notation that Babe Ruth has walloped another home run and extended his string to 23. He has now to make two or more in a game now to get more than passing mention of the fact. "Ruth knocked out another homer, his 30th," we expect to see along about Sept. 20.

Gobs Plan Baseball

The Enlisted Naval Veterans' association is planning the formation of a couple of baseball nines and officers of the organization are sure there is enough material on hand to make up two fast clubs, and then some. At a meeting to be held tonight, athletic plans will receive a big boost. Good stuff!

WILSON SCORES K. O.
AGAINST AHEARN

BOSTON, Aug. 26.—After being on the verge of defeat in the second round, Johnny Wilson, in a game uphill rally came back strongly and in the sixth round knocked out Young Ahearn, the dancing master, at the Fenway A.A. last night before the largest gathering that ever jammed its way into the riding academy. The battle was one of the most spirited between middleweights seen in a local ring and fairly bristled with speed and heavy hitting.

The only discordant note was sounded at the finish when Ahearn tried to claim a foul. He had been sent to a left hook to the wind and, while he was on the mat taking the count, set up the cry that he was fouled. Referee Jimmy Gardner displayed excellent judgment and gave Ahearn every possible chance to redeem himself by not starting to count over him until satisfied the boxer was not fouled.

He continued to complain that he was hurt, but Gardner realizing that his claim was invalid began to count him out. Just before Gardner reached the fatal 10 Ahearn was on his feet and went after Wilson strong.

The way Ahearn fought back proved conclusively that Jake was not fouled, for no man could fight so strongly after being hit as Ahearn claimed. It was a wonderful bit of judgment on Gardner's part and the fans were quick to pay him tribute.

Wilson fought Ahearn's body consistently throughout the six rounds, and some of the punches he scored plainly weakened the dancing master. Ahearn came up for the sixth round stronger than Wilson, who plainly was tired after the hard uphill struggle he had waged. Johnny scored with a couple of hard lefts and Jake looked appealingly toward his corner. The body punches were too much for Ahearn to weather, and when Wilson planted a solid left to the wind Jake took his second trip to the mat where he lay until counted out.

Then his seconds took a hand in claiming foul, but it was not allowed. Two doctors were called into consul-

tation and both agreed with the referee that Ahearn was not fouled. Jimmy Gardner, after the fight, said that both punches Wilson scored were fair ones and, as he was in a better position than anyone else in the arena, he should know.

Since their first meeting that has existed plainly was evident as the men took the center of the ring. They agreed to fight the old-fashioned protest yourself at all times style and it certainly was a case where each man was forced to take extra good care of himself every second of the milling.

Ahearn gave a clever exhibition of footwork in the opening round and completely dazzled Wilson. In the second frame Johnny walked into several hard punches a few that shook him up and had him in distress when the bell rang.

Wilson did better in the third and scored some heavy punches to Ahearn's stomach. The blows weakened Jake and he was not quite so frisky coming up for the fourth round. Johnny gradually grew stronger as the battle progressed and asserted his superiority in no slight manner in the fifth round.

The sixth frame had hardly gotten under way when Wilson shot in a left hook to the wind that dropped the usual turmoil and attending trouble that follows in fights when doubtful finishes occur. Ahearn's handlers carried their man to his corner and insisted that he was fouled. But the referee's verdict went in favor of Wilson.

WOMEN'S GOLF TOURNEY

DETROIT, Mich., Aug. 26.—The first round of championship match play in the Women's Western Golf Association tournament today brought together city champion, a former Chicago R. Hadfield, and Miss Frances R. Hadfield, the Milwaukee star, who was runner up to Miss Elaine Rosenblatt at Indian Hill, last year. Mrs. Jones led the qualifiers yesterday with a score of 81. In the qualifying round, Miss Hadfield turned in a card of 103.

10-MILE ROAD RACE

An athletic club recently formed in West Central city plans to conduct a 10-mile handicap road race on September 6, open to local runners. Entries should be mailed to William Neill, 17 Hildreth street not later than September 2. Suitable prizes will be offered for the three place winners.

REGATTA HERE
ON LABOR DAY

Much interest is being shown in the proposed regatta of the Lowell Motor Boat club to be held on the river Labor day morning and already the number of boats entered and their capabilities ensure the success of the races. A free-for-all over a six-mile course for the club cup is the first event of the day and other prizes will be awarded second and third place winners. Commodore James H. Walker, is the present holder of the cup, which must be won three times to secure permanent possession.

James Mullin in his hydroplane will compete against the free-for-all winner, with the handicap that he will travel four miles while his opponent covers two. The committee in charge of the program, includes W. S. Shaw, W. R. Adams, John Brooks, R. Moore and J. Rutledge.

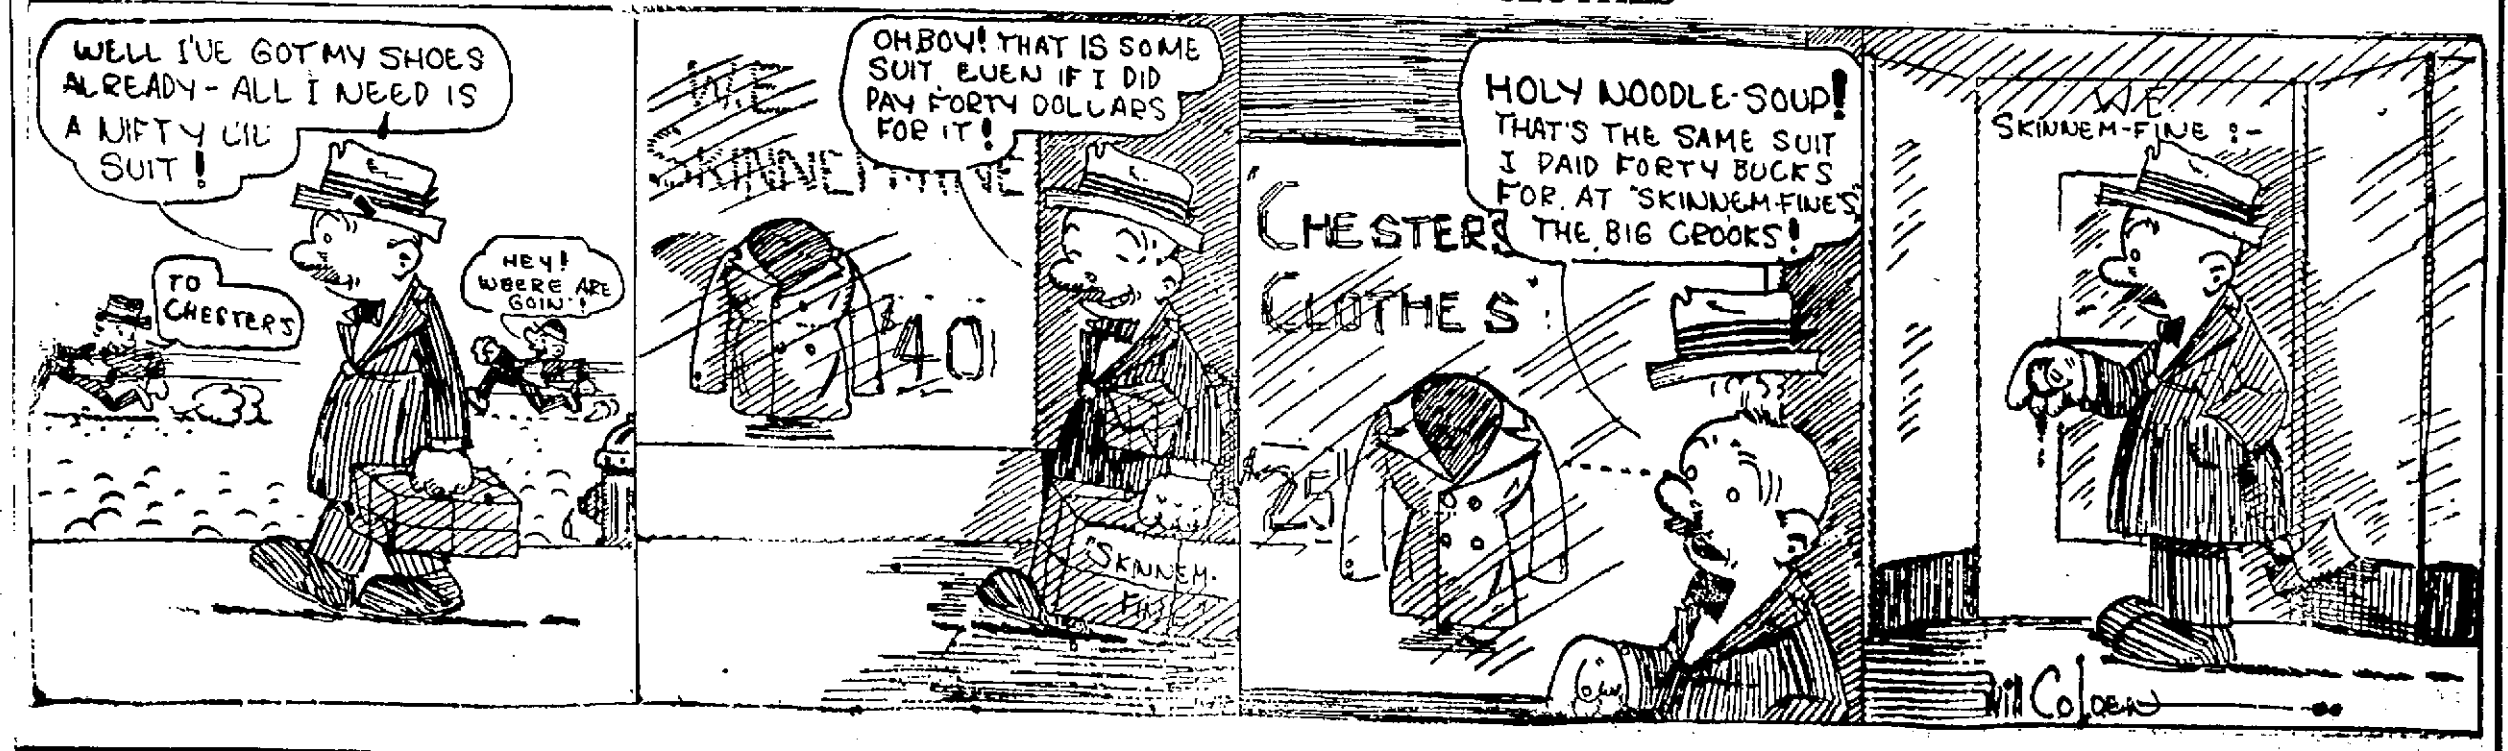

LAKEVIEW PARK

You can't go wrong when you go to Lakeview for a bit of dancing. There you get the best music, purveyed by Alister Doyle's masters of melody, jazzing along with thobanjokings, and Barney Moran, every day, afternoon and night.

STOCK MARKET

NEW YORK, Aug. 26.—Speculative interests registered their approval of President Wilson's labor attitude today by heavy purchases of industrials at extreme gains of 2 to almost 15 points. Sales approximated 1,600,000 shares.

President Wilson's refusal to accede to the demands of railroad shopmen and his exposition of existing economic conditions inspired a strong tone to the stock market at the active opening of today's trading. Steels and railroad equipments were the strongest features, although rails, especially the low grade shares, developed further firmness. Oils and motor specialties also hardened and food shares were in better demand.

Toward the end of the first half-hour, gains of 1 to 3 points were recorded. Trading during the morning showed a general increase over yesterday, the greater activity and breadth along the side of high price. Industrials, including equipments, extended their advance and rails recorded further improvement on the strength displayed by Southern Pacific, Reading, Louisville & Nashville, and several of the low grade shares. Pacific and St. Louis San Francisco preferred, Oils and motors also came forward with metals and industrial. Alcohol three cents, quiet, midday. Call money opened at 6 per cent.

Further improvement ruled during the mid-session especially among steels, equipments, motors and tobacco. Crude oil led at an extreme gain of six points. Baldwin Locomotive U. S. Rubber, American Woolen, American Sugar and Sumatra Tobacco trailing along at 2 to 4 points.

Sensational advances in Crude Oil, Steel and Chandler Motors featured the active final hour. The closing was strong.

Money Market
NEW YORK, Aug. 26.—Call money easy; high 6; low 5 1/2; ruling rate 6; closing bid 5 1/2; offered at 6; last loan 5 1/2; bank acceptances 6.

CARMEN'S STRIKES MENACE THIS ENTIRE COUNTRY

PITTSBURGH'S MAYOR CALLS 1000

PITTSBURGH, Aug. 26.—A call for 1000 emergency policemen to aid the regular police force in handling the trolley situation here, was issued this morning by Mayor E. Y. Babcock. This action followed a conference last night between city officials who considered methods to prevent a recurrence of rioting yesterday when the receivers of the Pittsburgh Street Railway Co., attempted to break the strike of 3000 motormen and conductors which has tied up trolley transportation for 12 days.

The emergency force will be used, it was stated, in the capacity of regular policemen, while the latter will be put on guard in the street cars if it is deemed advisable to run them.

More than a score of persons were more or less seriously injured yesterday in riots when an attempt was made to run cars through the downtown districts of the city, and 13 were arrested. Seven of those injured were struck by stray bullets when a truck crowded with men dashed through the streets firing as they went. Seven other persons were trampled in a panic as mounted police charged rioters in Fifth avenue in the business district when a trolley car was stoned.

RIOTS AT CHARLOTTE, N. C.

CHARLOTTE, N. C., Aug. 26.—State troops and deputies patrolled the principal streets of this city today in an effort to prevent a renewal of rioting in connection with the street car strike here which resulted last night in the death of four men and the injury of 13 others. Additional troops have been ordered to Charlotte and should arrive during the day.

Strong guards have been thrown around the car barns of the Southern Public Utilities Co., where the rioting last night took place. The city hall also was guarded by soldiers.

No effort was made to operate street cars today. The service had been abandoned for two weeks and last night's rioting followed efforts to operate cars on some of the more important routes.

SOUTHERN CALIFORNIA PARALYZED

LOS ANGELES, Cal., Aug. 26.—Rail transportation throughout Southern California as far as Fresno on the north and as far east as Yuma, Ariz., was paralyzed today. A strike which began Thursday night, when switchmen and brakemen quit their posts in sympathy with a strike of trainmen of the Pacific Electric Co., operating an interurban system and which rapidly extended to include other trainmen, yardmen and shopmen, spread last night northward to Bakersfield, Cal., and eastward to Yuma.

All striking railroad men here will ignore instructions of their national chiefs that they return to work and will continue their strike, according to a decision reached today after an all night meeting.

The men based their action on a phrase of the orders to return to work which said they need not submit themselves to danger of mob violence. They said to return at present would be dangerous in that respect.

HORNELL, N. Y., HAS 5 MINUTE SNOW STORM

HORNELL, N. Y., Aug. 26.—Although the sun was shining brightly Hornell was treated to the odd sight of a snow storm in August this morning. Light snow fell for five minutes, melting as rapidly as it struck the ground. It is the earliest snow fall ever recorded in this section.

AIRMEN NOT FOUND

Mexican Chief Aids Search for Men Missing Week

SAN DIEGO, Cal., Aug. 26.—Still without news of Lieutenants Frederick Waterhouse and C. H. Connelly, army aviators who have been missing since last Wednesday, aviation officers here today broadened the scope of their search for them in Lower California, Mexico.

Arrangements were made for a conference with Gov. Esteban Cantu of Lower California regarding co-operation between Mexican and American searching parties. Gov. Cantu offered the services of his forces to aid in the search. Aviation officials hoped today for better weather. A heavy rain storm prevented four planes from

proceeding south of Jacuma yesterday in prosecution of a search.

The new search party to be organized from Gov. Cantu's forces will have its base at Escondido, Lower California.

Don't forget to order The Sun mailed to you while away on your vacation.

OHIO EXPERT IS

OPTIMISTIC ON FLU

CINCINNATI, Ohio, Aug. 26.—Recurrent outbreaks of influenza in epidemic form this fall is unlikely, said Health Officer William H. Peters of Cincinnati yesterday, taking issue with Dr. Royal S. Copeland, New York health commissioner. The state and nation has been "pretty well immunized by the disease last fall and winter," said Dr. Peters. Epidemics of such character as a rule do not strike twice in the
